TENINO TELEPHONE COMPANY

ORIGINAL

ADOPTION OF TARIFFS, ETC.

The TENINO TELEPHONE COMPANY (a corporation) hereby adopts, ratifies and makes its own in every respect, as if the same had been originally filed by it, all tariffs, rules, notices, concurrences, provisions, authorities, powers of attorney, or other instruments, whatsoever filed with the Washington Public Service Commission by the TENINO TELEPHONE COMPANY (E. A. Peterson) prior to December 1, 1956, the beginning of its possession. By this tariff it also adopts and ratifies all supplements or amendments to any of the above tariffs, etc., which have heretofore been filed with the Washington Public Service Commission.

RULES AND REGULATIONS

ORIGINAL

1. Applications for service are to be made at the office of the company, either orally or in writing. An application does not bind the company to serve except under reasonable conditions nor does it bind the applicant to take service. If the prospective subscriber requests cancellation of an application this will be done without charge unless facilities have been installed. The regular tariff charge will be made for any facilities that may have been installed. The company may cancel the application if the prospective subscriber refuses to comply with tariff provisions. In the event of cancellation by the company no installation charge will apply.

(T)

(T)

(D)

(D)

2. The application of business and residence rates to private or public telephone service is governed by the actual or obvious use made of the service by the subscriber. If residence service is found to be used largely or principally for business purposes, the company will provide business service, except in cases where the subscriber will thereafter use the service for domestic or social requirements.

(T)

3. If it is found that the subscriber is permitting public use of service furnished him for his private use, the company will thereafter provide public service, except where the subscriber consents to the facilities being so located as to be inaccessible to the public or permits no further public use after the matter has been called to his attention. No charge will be made for the relocation of a telephone instrument under such circumstances.

SIXTH REVISION OF SHEET NO. 6  
W.D.P.U. No. 1 CANCELING FIFTH REVISION OF SHEET NO. 6

TENINO TELEPHONE COMPANY

RULES AND REGULATIONS

Exchange service will not be installed on premises of a public or semi-public character in a location where the telephone would be accessible for use by the patrons or subscriber or by the public in general.

4. Bills for exchange service will be rendered ordinarily monthly in advance and are due and payable upon presentation. Bills for interexchange (toll) service will be rendered in arrears and, in general, will be rendered with bills for exchange service. However, if it appears necessary or advisable, bills may be rendered at more frequent intervals.

5. CREDIT AND DEPOSITS

Rules relating to telephone companies are provided in Chapter 480-120, Washington Administrative Code (WAC), Rules covering credit and deposits are published as WAC 480-120-122 and WAC 480-120-123, DEPOSITS, and are available upon request. (T)

6. RETURNED CHECK CHARGE

A returned check charge of five dollars (\$5.00) will be billed to any subscriber whose check is returned to the company by a bank because that subscriber's account is closed or does not have sufficient funds to cover said check. Should the company, after notifying a subscriber of its intent to discontinue service for "non payment" of an account, receive such check as payment, it may disconnect service in accordance with the provisions under WAC 480-120-172 of the Commission rules. The company then may require payment of the account before service is restored. (T)

TENINO TELEPHONE COMPANY

RULES AND REGULATIONS

7. DISCONTINUANCE OF SERVICE

Rules relating to telephone companies are provided in Chapter 480-120, Washington Administrative Code (WAC). Rules covering discontinuance of service are published as WAC 480-120-172, DISCONTINUANCE OF SERVICE, and are available upon request. (T)

8. When service has been disconnected by request or action of the subscriber, a charge of \$10.00 will be made for subsequent reconnection. If a premises visit is required, a premises visit charge from Schedule 21 also applies.

9. Where a service interruption of more than 24 hours occurs, the utility will, after verifying the interruption, abate the exchange service charge for the total period during which subscribers had no service. In any one month, the total of the adjustments made by the utility because of interruptions will not exceed the charge for a full month's service.

10. The utility considers that the subscriber is responsible for loss or damage to any equipment or apparatus furnished by the utility, unless such loss or damage is due to causes beyond the subscriber's control.

11. The utility shall be given the right of ingress to or egress from the subscriber's premises at all reasonable hours for any purpose reasonably connected with the furnishing of telephone service and to exercise any and all rights secured to it by law or these rules.

12. Exchange calls originating at party line stations shall be limited to a maximum period of five minutes.

13. The company reserves the right to change the number of a subscriber's telephone service at any time as the requirements of the service demand.

The company is liable for errors or omissions in listing of its subscribers in its telephone directories or in its information records in accordance with the following:

- (1) Listing furnished without additional charge: In amount not in excess of the charge for the exchange service, not in excess of the rate for individual line business service, for the period during which the error or omission continues.
- (2) Listing furnished at additional charge: In amount not in excess of the charge for that listing for the period during which the error or omission continues.

The subscriber assumes full responsibility concerning the right to use any name as a directory listing and agrees to hold the company free and harmless of and from any claims, loss, damage, or liability which may result from the use of such listing. The company does not undertake to determine the legal, contractual, or other right to the use of a name to be listed in a telephone directory of the company.

The company reserves the right to make such changes in directory listings as may be necessary to bring them into conformity with its standard form.

ILLEGAL USE OF SERVICE

14. The Company shall refuse to establish service for any (T) applicant, and it shall discontinue and disconnect service to a subscriber, whenever it has reasonable cause to believe that the use made or to be made of the service, or the furnishing of service to the premises of the applicant or subscriber, is prohibited under any law, ordinance, regulation, or other legal requirement, or is being or is to be used as an instrumentality, directly or indirectly, to violate or to aid and abet the violation of the law. A written notice to the Company from an official charged with the enforcement of the law stating that such service is being used or will be used as an instrumentality to violate or to aid and abet the violation of the law is sufficient to constitute such reasonable cause.

RECORDED PUBLIC ANNOUNCEMENTS

(N)

15. For purposes of identification, subscribers to telephone service who transmit or permit the transmission of recorded public announcements over facilities provided by the utility must include in the recorded message the name of the organization or individual responsible for the service and the address at which the service is provided.

Customers transmitting factual public announcements such as stock market quotations, airline schedules and similar information are excluded from the application of the above.

Failure to comply with the above shall be cause for termination of the service.

RULES AND REGULATIONS

16. COMPANY LIABILITY

(a) Except as provided in Rule and Regulation 9 of these Rules and Regulations, the Company shall not be liable for mistakes, omissions, interruptions, delays, or errors, or defects in transmission, occurring in the course of furnishing any facility or service or transmitting, receiving or delivering any message.

(b) When the facilities or services of one or more other companies are used in establishing connections, the Company is not liable for any act or omission of the other company or companies.

(c) The Company is not liable for any damage not reasonably avoidable to the customer's premises resulting from the attachment of the Company's equipment and associated wiring on such premises, or from the installation or removal thereof.

(d) The Company is not liable for any accident, injury or death occasioned by its equipment or facilities; provided, however, that to the extent required by law or judicial precedent, this paragraph (d) shall not be construed to limit the Company's liability, if any, for its negligence.

(e) The Company is not liable for any of the following, and the customer indemnifies and saves harmless the Company from and against the following:

(1) Claims for libel, slander or infringement of copyright arising from the material transmitted or recorded over its facilities;

(2) Claims for infringement of patents arising from combining with or using in connection with facilities or services of the Company, apparatus, systems, wiring or services not furnished by the Company;

RULES AND REGULATIONS

16. COMPANY LIABILITY (Contd.)

(h) To the extent required by law or judicial precedent, this Rule and Regulation 16 shall not be construed to limit the Company's liability, if any, for its gross negligence or willful misconduct.

(i) As used in this Rule and Regulation 16, other than in paragraph (f) thereof and this paragraph (i), the term "Company" includes the Company, its officers, directors, employees, agents and representatives.

(j) The limitations of liability set forth in this Rule and Regulation 16 apply in addition to other applicable limitations of liability set forth elsewhere in this Tariff.

(k) The limitations of liability set forth in this Rule and Regulation 16 apply to services and facilities offered by the Company, both as offered directly by this tariff and as offered through the Company's concurrence in other tariffs, where such concurrence is set forth in this Tariff. Where such a concurrence applies, the limitations of liability set forth in this Rule and Regulation 16 apply in addition to such other limitations of liability as may be set forth in the applicable concurred-in tariff.

RULES AND REGULATIONS

(N)

17. SERVICE CONDITIONS

A. Electric Power Requirement(s)

The Company's services may require the availability, presence and adequacy of electric power satisfying the Company's specifications at the location to be served. It is the responsibility of the applicant for the Company's service, or the subscriber to the Company's service where such service has been established, at no cost to the Company to procure and maintain at all times the availability, presence and adequacy of electric power and connectivity thereto, each satisfying the Company's specifications, necessary to the Company's service at the served premises. The Company may refuse to extend service, and may discontinue existing service, to any premises or location where the applicant or subscriber fails to satisfy this condition.

The services to which the foregoing condition applies include, but are not necessarily limited to, any service furnished by the Company utilizing fiber optic facilities that are connected directly to the served premises.

**The absence, impairment or disruption of electric power or connectivity thereto, satisfying the Company's specifications, at the served location may prevent access to 911, Enhanced 911 and other emergency services, as well as the proper functioning of other services offered by the Company.**

17. SERVICE CONDITIONS (Contd.)

B. Space Requirement(s)

Certain services furnished by the Company, including, but not necessarily limited to, those utilizing fiber optic facilities that connect directly to the served premises, may require that the applicant or subscriber make internal space, at or near the served location, or in the case of a new location to be served, at or near that new location, available to the Company to accommodate installation of the Company's equipment and facilities, and that the Company's personnel have ready access to such space, equipment and facilities. In such circumstances, (i) the Company's obligation to provide service is conditioned upon the applicant or subscriber making such space available for the Company's use at no cost to the Company, and (ii) the Company's obligation to install, maintain or restore service and/or to repair and/or replace its equipment or facilities is conditioned upon the applicant or subscriber providing the Company's personnel with ready access to the Company's equipment and facilities so installed or, if the equipment or facilities have not yet been so installed, to the space in which such installation is to occur.

---

**CUSTOM CALLING SERVICES (Cont'd.)**

**Definitions (Cont'd.)**

**CALL REJECTION**

Enables a customer to reject call attempts from up to fifteen numbers of calling parties by dialing a code and the telephone numbers of calls to be rejected. Any call attempts to the customer from these numbers will be prevented from terminating to the customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A customer may also reject future calls from the most recent call received by dialing a code after completing the call.

**CALL TRACE**

Allows a called party to initiate an automatic trace of the last call received. Call Trace is available on a usage basis only. After receiving the call which is to be traced, the customer dials a code and the traced telephone number is automatically sent to the Company for action. The customer originating the trace will not receive the traced telephone number. The results of the trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them.

**CALL WAITING**

A function that provides a tone to the party using the telephone to indicate another call is waiting on the line. Successive transfers between calling parties can be accomplished through switch-hook operation. This feature is not available on trunk-hunting central office lines.

CUSTOM CALLING SERVICES (Cont'd.)

Definitions (Cont'd.)

CALLER IDENTIFICATION - BLOCKING

There are two types:

(1) **PER CALL** - Enables a customer to control the disclosure of his/her name and/or telephone number to a subscriber of Caller Identification (where technically feasible) by temporarily changing the public/private status indicator of the telephone number. A customer must dial a code before each call to change the indicator from public to private. "Public Status" allows delivery of the name and/or telephone number. "Private Status" prevents delivery of the name and/or telephone number.

(2) **PER LINE** - Provides a permanent private indicator on a customer's line. Once blocking is established on the customer's line, the private status cannot be deactivated by the customer. If a line is equipped with this feature, the name and number of that line will not be delivered to any subscriber of Caller Identification. Poison control centers, hospitals, medical centers and others who might use Caller Identification will not be able to identify callers with Caller Identification Blocking - Per Line who need assistance. E911 is not affected.

CUSTOM CALLING SERVICES (Cont'd.)

Definitions (Cont'd.)

CALLER IDENTIFICATION - NAME AND NUMBER

Allows for the automatic delivery of a calling party's name and telephone number (including non-published and non-listed telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The name and number are displayed on customer-provided equipment.

The name displayed shall be the name associated with the calling telephone number as shown on the Company's records. The Company in its discretion may abbreviate or limit that name for display purposes. The Company does not assure name accuracy, and it shall not be liable to any party for errors, omissions or mistakes. The Company's sole and only obligation shall be to reasonably correct errors in names when notified in writing of such errors.

CALLER IDENTIFICATION - NUMBER

Allows for the automatic delivery of a calling party's telephone number (including non-published and non-listed telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The number is displayed on customer-provided equipment.

CANCEL CALL WAITING

Allows the customer who has Call Waiting the ability to disable the Call Waiting feature for the duration of a call. Cancel Call Waiting is automatically deactivated when the customer disconnects from the call.

**CUSTOM CALLING SERVICES (Cont'd.)**

**Definitions (Cont'd.)**

**CONTINUOUS REDIAL**

Allows a customer to dial a code that will cause the feature to automatically redial the last number the customer dialed. If the called number is busy, the feature will redial the called number for a limited period of time. A distinctive ring alerts the customer when the called number becomes available.

**DENY ORIGINATION**

This feature denies origination of all calls from a line.

**DENY TERMINATION**

This feature denies the termination of calls to a line.

**DISTINCTIVE RINGING**

This service is an incoming call management feature that allows customers to define a list of calling numbers that provide the customer with special incoming call treatment. Any incoming calls on this list are indicated by a distinctive ringing pattern or a distinctive Call Waiting tone, if applicable. Terminating calls from telephone numbers which are not on the list, or which cannot be identified, are given standard treatment.

**CUSTOM CALLING SERVICES (Cont'd.)**

**Definitions (Cont'd.)**

**LAST CALL RETURN**

Allows a customer to dial a code that will cause the feature to automatically redial the number of the last incoming call to that line, whether the call was answered or not. The customer does not have to know the number of the calling party. If the calling party's number is blocked, by the calling party, the service will not return the call. If the called number is busy, the feature will redial the called number for a limited period of time. A tone alerts the customer when the called line is available.

**OUTSIDE CALL TRANSFER**

This service allows the customer with Three-Way Calling to transfer an incoming call to a third party or add a third party to an existing call, forming a three-party connection, and then to leave the connection without disconnecting the call, leaving the two other users connected. There are no limitations on where a call can be transferred to. If the transferred-to number involves a toll charge, the customer subscribing to this service is charged.

**PREFERENCE LINE**

An additional feature to business local exchange service offering one (1) additional number which is billed to the primary business exchange access line number.

**PRIORITY CALL**

Allows a customer to assign a maximum of fifteen (15) callers' telephone numbers to a special list. The customer will hear a distinctive ring at his/her location when calls are received from callers' telephone numbers on that list.

Definitions (Cont'd.)

REMOTE ACCESS

Allows a customer to remotely activate and deactivate the Call Forwarding function or Simultaneous Ring function. This feature is in addition to basic Call Forwarding and/or Simultaneous Ring service. A Personal Identification Number (PIN) will be issued by the Company to the customer subscribing to Remote Access service. The PIN must be used to remotely access the customer's Call Forwarding service and/or Simultaneous Ring service.

Definitions (Cont'd.)

SELECTIVE CALL ACCEPTANCE

Allows customers to define a list of calling directory numbers that will be accepted. Any calling numbers not on that list will be routed to announcements and rejected. The calling party not on the acceptance list will receive an announcement stating that the call is not presently being accepted by the called party. Subscribers can review and change the list of accepted directory numbers as desired.

SELECTIVE CALL FORWARDING

Allows a customer to specify a special list of a maximum of fifteen (15) telephone numbers. Incoming calls placed to the customer from telephone numbers on that list will automatically be forwarded to a predefined telephone number. All other calls will be handled normally.

SECOND LINE – EAS RESTRICTION

Allows the customer to restrict a second line against making EAS calls for EAS offered under Options A and B of Schedule No. 1, Local Service Section.

SIMULTANEOUS RINGING

Allows a customer-defined group of up to five directory numbers to be alerted simultaneously. The group is comprised of pilot number and up to four other numbers. The first alerted number that answers the call is connected to the calling party. The Simultaneous Ringing function allows the customer to activate or deactivate the service as well as edit the list of other numbers via a menu driven customer interface. Message toll charges will be incurred by the customer if they exist between the pilot number and the answering telephone number. The customer must subscribe to the Remote Access feature to access the Simultaneous Ringing feature from remote locations.

TENINO TELEPHONE COMPANY

CUSTOM CALLING SERVICES (Cont'd.)

Definitions (Cont'd.)

TOLL RESTRICTION

Allows a customer to restrict access to toll calling, other than 800 numbers. The service assigns each customer a four digit Personal Identification Number (PIN) and a four digit Direct Access Code (DAC). The DAC is used to access the service to program the level of restriction (i.e., all toll other than 800, 976 and 900 only, etc.) and to change the PIN. The PIN is used to bypass the toll restriction. Since distribution of the PIN and the DAC is controlled by the customer, the customer remains responsible for all toll charges to the customer's number even if toll restriction service is in operation.

(M) \*

(M)

WARM LINE

Allows a customer to establish a switched connection to a predetermined number if the customer does not dial a number within thirty (30) seconds after going off-hook. When the customer's telephone goes off-hook and dialing begins within a specified time delay period, the call will proceed normally as dialed. If dialing has not started before the end of the predefined time delay period, a predetermined stored number is automatically dialed by the central office switching equipment. The connection to the predetermined number associated with Warm Line cannot be changed except by the Company through a Service Order and payment of a Service Order charge.

CUSTOM CALLING SERVICES (Cont'd.)

CONDITIONS:

1. Rates are applicable per line. (M)\*
2. A directory listing is provided with Teen Line and with Preference Line.
3. When the subscriber's exchange access line is equipped with Call Waiting and either Teen Line or Preference Line and the line is busy, incoming calls will generate a distinctive Call Waiting tone at no additional calling feature charge beyond the original charges for Call Waiting and the Teen or Preference Line.
4. When the subscriber's exchange access line is equipped with Call Forwarding and either Teen Line or Preference Line, the subscriber may choose to have both telephone numbers or only the main telephone number forwarded. If both numbers are forwarded, the distinctive ringing pattern is not forwarded. The determination to forward both numbers or only the main number must be made at the time of subscribing to the Teen Line or Preference Line. Thereafter, a change will require an additional Service Order charge, see Local Service Section, Schedule No. 21.
5. Any customer using a measured service type of line, including measured EAS service, will incur a usage charge on any call using any type of Call Forwarding or Last Call Return features.
6. Custom Calling Services will be provided where technically and/or economically feasible and are furnished only in central office areas where facilities permit, as determined by the Company.

Conditions (Cont'd.)

- 7. Caller Identification - Name and Number will only be provided where technically and/or economically feasible and where sufficient demand exists to warrant provision of the service.
- 8. The Company cannot guarantee that Caller Identification - Blocking will be successful. The Company shall not be liable for any damages, whether direct, consequential, incidental or special. The sole liability of the Company due to errors, omissions or mistakes shall be to refund the nonrecurring charge, if any was assessed.
- 9. The customer may initially subscribe to Caller Identification - Blocking Per Line without incurring a nonrecurring charge. Once a customer does subscribe to Caller Identification - Blocking Per Line, any subsequent addition or deletion after a subsequent addition of the service shall be made subject to the customer paying the nonrecurring Service Order and Central Office charges (See Local Service Section, Schedule No. 21); provided that no such charge shall apply to law enforcement, domestic-violence and crisis-intervention agencies and, upon certification by a domestic-violence or crisis-intervention agency, to volunteers working for those agencies. Caller Identification - Blocking Per Call is always provided at no charge.
- 10. Custom Calling Service is not available for Public or Semi-Public Service under Local Service Section, Schedule No. 3.
- 11. Unless otherwise specifically provided or when ordered with initial service, the nonrecurring Service Order and Central Office charges shall apply (See Local Service Section, Schedule No. 21). These charges may be waived from time to time as part of promotional offerings made by the Company to all customers.

TENINO TELEPHONE COMPANY

SCHEDULE NO. 8

DIRECTORY ASSISTANCE SERVICE

I. DESCRIPTION

Directory Assistance Service provides the calling party with:

- A. Telephone numbers available from the Utility's Directory Assistance operator.
- B. Information that the subscriber has requested the number not to be given out to the public.
- C. Information that the name requested does not appear on the records.

II. GENERAL CONDITIONS

- A. Access to the service is through the calling party dialing "411." Customers accessing directory assistance by dialing "0" are accessing their preferred interexchange carrier and may incur a charge from that carrier for directory assistance different than that set forth in this Schedule. Terms and conditions may vary as well.
- B. The calling party may obtain a maximum of two numbers through one activation of 411.
- C. Charges for this service shall not apply to requests from telephones the Utility has determined are used on a continuing basis by a person or persons incapable of using the published telephone directory because of visual or physical handicaps.

DIRECTORY ASSISTANCE SERVICE (continued)

II. GENERAL CONDITIONS (continued)

D. One of the following situations constitutes a single request:

1. Any "if no answer" or "or" number associated with a listing.
2. Any suggestion of a way a number may be listed when the original listing cannot be located.
3. A final "not found" report applies even after checking for alternate listings as shown in D.2. above.
4. A maximum of two listings from a caption provided to satisfy a request for one number.

III. RATES

A. Per Activation

Local Numbers	\$1.00
All Other Numbers	\$1.25

IV. NUMBERS LISTED IN FOREIGN DIRECTORIES

The Utility is charged a monthly fee by some foreign directory assistance providers to include numbers in directory assistance. If the Utility is charged such a fee, the customer will be charged \$4.26 per month per number for inclusion of number(s) in foreign directory assistance. "Foreign" refers to directory assistance of another carrier.

(T)  
|  
(I)  
|  
(T)

If a customer has a non-listed number, which is a number that is not included in the published directory, but the customer desires that the number be available through directory assistance, there is a charge of \$1.71 per month per number.

CONDITIONS

**AUTOMATIC ANSWERING EQUIPMENT:** Automatic answering and Automatic answering and recording equipment can be utilized (T) only in conjunction with individual line service. For purposes of identification, subscribers to the service who transmit recorded announcements over facilities of the utility must include in the recorded message the name of the organization or individual responsible for the service and the address at which the service is provided. This requirement does not apply to transmission of factual public announcements such as time-of-day, stock market quotations, and similar information.

**ELECTRONIC SENTRY:** The utility makes lines available to (T) the subscriber for use in surveillance of the subscriber's (T) premises. The utility takes not part in the surveillance nor does it guarantee the effectiveness of any equipment used. Heat, smoke, flame, pressure, fluid level and similar detectors used in conjunction with this service are owned, installed and maintained by the subscriber.

**SPECIAL TELEPHONES:** For illuminated type telephones (T) requiring commercial power for their operation, such power, together with adequate convenient outlet(s), shall be furnished and maintained by the subscriber. (M)

CONDITIONS (Continued)

DIRECTORY LISTINGS: Directory listings normally consist of one line. When use of abbreviations impairs clarity and identification, a second line may be used without additional charge. The utility may refuse to insert any listing which, in its judgment, does not facilitate the use of the directory. Additional listings may be furnished with residence service for others who are members of the subscriber's domestic household and who occupy the same premises.

(T)(M)

Non-Published service is an arrangement where a subscriber's primary listing is, at his request, omitted from both the telephone directory and information listings.

Non-Listed service is an arrangement where a subscriber's primary listing is, at his request, omitted from the telephone directory but not from the information listings.

When non-published or non-listed service is to be furnished, the subscriber will be required to execute an agreement which holds the utility harmless from any damage which might arise and which absolves the utility from any responsibility for the failure of the subscriber to receive calls due to the non-published or non-listed arrangement.

Subscribers to non-published and non-listed service will be required to maintain such service until the first issuance of a directory in which a requested change may be published, or until telephone service is discontinued. Subscribers to non-published or non-listed service may change from one to the other without incurring an additional monthly charge.

**REMOTE CALL FORWARDING (RCF)**

(N)

SERVICE:

Is an arrangement to automatically forward all incoming calls placed to the remote call forwarding number to another telephone number in a distant exchange.

RATES AND CHARGES:

Per Month \$25.50

CONDITIONS:

1. The above rates are for the Remote Call Forwarding feature and are in addition to applicable charges for service and equipment with which it is used.
2. RCF is not offered where the terminating station is a public coin telephone.
3. The Company will not provide identification of the originating telephone number to the Remote Call Forwarding subscriber.
4. Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call.
5. RCF is not suitable for satisfactory transmission of data.

SCHEDULE NO. 26

INTEGRATED SERVICES DIGITAL NETWORK

(D) (N)

1. **DESCRIPTION**

Integrated Services Digital Network (ISDN) is a digital architecture that provides an integrated voice/data capability to the customer premises facility, utilizing the public switched network. ISDN distributes voice, data, image and facsimile under Basic Rate Service (BRS) or Primary Rate Service (PRS). This is a serving arrangement which conforms to internationally developed, published, and recognized standards generated by the International Telecommunications Union (formerly CCITT). Under this offering, the Company limits ISDN to the provision of video conferencing and such voice services as the Company determines can be provided in an economically and technically efficient manner.

2. **DEFINITIONS**

**Basic Rate Service**

BRS consists of up to three distinct channels on one pair of wire: one or two B (Bearer) Channels and one D (Delta) Channel. BRS is offered on either an individual case basis or in a packaged offering, referred to as ISDN Service.

**Primary Rate Service**

PRS consists of a PRS T-1 facility (or fraction) and common equipment, a 23B (or less, but more than 2)+D or 24B (or less, but more than 2) configuration. The trunks in PRS may be provisioned as In-only with DID, Out-only or Two-way with DID. The T-1 PRS facility has a capacity of 1.544 megabits per second (Mbps).

**B (Bearer) Channel**

The B-channel carries circuit-switched video communications (when used in conjunction with the D-channel) at speeds up to 64 kbit/s, from the customer's premises, over the loop facility, to the central office.

(D) (N)

TENINO TELEPHONE COMPANY

SCHEDULE NO. 26

INTEGRATED SERVICES DIGITAL NETWORK

D (Delta) Channel

The D-channel carries signaling and/or packet data information, at speeds up to 16 kbit/s on BRS, and signaling only information up to 64 kbit/s for PRS, from the customer's premises to the central office. The D-channel has both data and signaling functionality; it does not have voice capability.

3. TERMS AND CONDITIONS

A. GENERAL

1. The customer or the customer's authorized agent will be responsible for the procurement of associated customer premises equipment (CPE) and will ensure compatibility with the ISDN Service serving the customer.

2. Company shall terminate ISDN Services at the Company network interface.

3. Should any change in inside wiring (including riser cable) not owned by the Company, or CPE, require the Company to redesign ISDN service, the customer shall reimburse the Company for all costs incurred by the Company in making such a change. Should ISDN service fail due to inside wiring (including riser cable) not owned by the Company, CPE, or power failure, the responsibility for failure shall be solely that of the customer and the Company shall have no liability of any kind.

4. The customer is responsible for placement, installation, operation, maintenance, repair and replacement of all inside wire (including riser cable), not owned by the Company, and CPE that the customer uses in connection with this service. Premises wiring and CPE must be compatible with the Company's provision of ISDN Service.

5. If an ISDN Service interruption, disconnection, error, performance failure, or some other out-of-service condition occurs and lasts for more than 24 consecutive hours after the customer gives the Company notice of such out-of-service condition, except for problems caused by the customer's actions, inside wiring (including riser cable), interface, and/or CPE, an out-of-service credit will be applied to the customer's bill. This credit shall be based on a 30 day month and shall be calculated by dividing the monthly rate for the service affected by 30 days and multiplying that daily rate by the number of days, or major fraction thereof (i.e. more than 12 hours), that the service was interrupted. THIS WILL BE THE CUSTOMER'S SOLE REMEDY. THE COMPANY SHALL NOT BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL CHARGES OF ANY KIND, INCLUDING BUT NOT LIMITED TO LOST PROFITS.

B. AVAILABILITY

1. The rates and charges specified in ISDN Service are applicable only to customers whose serving central office has been identified by the Company as having ISDN available. Customers whose serving central office has not been identified as having ISDN available will have rates and charges determined on an individual case-by-case basis.
2. ISDN Service may be provided to customers from a central office other than their normal serving office depending on available facilities.
3. Service is offered where facilities and equipment are available.
4. Some services are not available or compatible, or both, with ISDN.

C. INDEMNIFICATION

1. It is the customer's responsibility to indemnify and hold harmless the Company against any and all claims, losses, liabilities, damages and lawsuits brought by any person or entity and arising, in whole or in part, out of customer's material breach of this Tariff. Indemnification shall include, but is not limited to, costs and attorney's fees.
2. Customer is responsible for the content of communications. Where customer's negligence or wrongful actions in using inside wire (including riser cable) not owned by the Company, CPE or customer's communications result in any claim or legal action brought by any person or entity, customer shall indemnify and hold the Company harmless.

D. PROTECTION OF THE NETWORK

1. The Company has the right and option, but not the obligation, to check the output of any equipment used in the transmission of signals, to or from the customer premises, for this service. This includes Company provided facilities or other companies' facilities used in connection with provision of ISDN capabilities, such as customer provided equipment.

2. When it detects a problem, the Company will notify the customer of any deviation from the authorized transmissions or specifications established in provision of the service. The Company has no duty to inspect for such unauthorized transmissions or specifications, but may do so from time to time to protect company property.

3. Upon notification by the Company that unauthorized transmissions are present due to customer equipment or facilities, the customer or customer's authorized agent will correct the situation on an expeditious basis or service will be disconnected by the Company to protect the network. THE COMPANY SHALL NOT BE LIABLE FOR AND DISCLAIMS LIABILITY FOR LOSSES WHICH MIGHT BE INCURRED AS A RESULT OF CONNECTING OR DISCONNECTING THE SERVICE AND DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. WITH RESPECT TO SUCH EQUIPMENT OR SERVICE, THE COMPANY SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO LOSS, DAMAGE, OR EXPENSE DIRECTLY OR INDIRECTLY ARISING FROM THE CUSTOMER'S USE OF OR INABILITY TO USE THIS SERVICE OR EQUIPMENT, EITHER SEPARATELY OR IN COMBINATION WITH OTHER SERVICES OR EQUIPMENT.

E. RATES AND CHARGES

1. Standard Charges

Following are the monthly rate and nonrecurring charges for ISDN Service. These rates and charges apply in addition to applicable rates and charges for other services as provided in this and other Company tariffs.

ISDN Service includes a usage allowance of up to 100 hours per month of aggregate usage for circuit-switched voice and circuit-switched data. Additional usage in excess of the 100 hours in a monthly billing period will incur measured usage charges as specified below.

TENINO EdLINE SERVICE

TENINO EdLINE SERVICE

A. GENERAL

1. Tenino EdLINE Service is a flat-rate service offering for the exclusive use of Tenino Public School District No. 402, Thurston County, State of Washington, with a 50-line minimum requirement. It is a central office based service provided from suitably equipped Company digital central office facilities. Touch Calling station signalling is provided as a standard feature with this service.
2. Tenino EdLINE Service permits the direct dialing between lines connected to the service and the direct dialing of outgoing calls. Incoming calls are received by direct inward dialing (DID) from the calling party to the station line or through an attendant console.
3. Tenino EdLINE Service consists of standard features and a number of optional features. The standard features are included in Tenino EdLINE Service. Optional features are offered subject to availability. Attendant consoles and station equipment are to be provided by the customer, or, if the customer and the Company so agree, may be leased from the Company.

TENINO EdLINE SERVICE (Continued)

B. DEFINITIONS

1. Attendant Service - Non Data Link Consoles - Allows the use of a console to assist an attendant or answering positions in handling calls. The console functions are entirely provided by customer premise equipment.
2. Automatic Identification on Outward Dialing (AIOD) - Records each outgoing, billable call for the EdLINE line originating the call. AIOD allows the tracking of outgoing calls for cost allocations procedures.
3. Automatic Line - Provides an automatic connection between a calling station that goes off-hook and a predetermined location. The calling station does not receive dial tone.
4. Call Forward, All Calls - Allows incoming calls (intragroup and DID) directed to a station line to be routed to a user-defined line inside or outside the customer group or the attendant.
5. Call Forward Busy Features
  - (a) Call Forward, Busy - Permits incoming calls (originating from an outside group) attempting to terminate to a busy station line to be redirected to a predetermined line inside the customer group.
  - (b) Call Forward, Busy - All - Provides for forwarding of any call (incoming or intragroup) that terminates within the group to be automatically transferred when a busy condition is encountered.
  - (c) Call Forward, Busy - Intragroup - Permits calls that originate and terminate within the customer group attempting to terminate to a busy station line, to be redirected to a predetermined line inside the customer group.

TENINO EdLINE SERVICE (Continued)

B. DEFINITIONS (Continued)

- 6. Call Forward, No Answer - Provides for forwarding of incoming calls to a predetermined line inside the customer group when the called station line does not answer within a predefined ringing cycle.
- 7. Call Hold - Allows the user to hold one call for any length of time provided that neither party goes on-hook.
- 8. Call Pick-Up - Allows a station line to answer incoming calls to another station line within a defined call pick-up group. Call pick-up is provided on individual station lines within a customer group.
- 9. Call Waiting - Allows an incoming call (within or outside the customer group) to apply a call waiting tone on a busy station line which has been assigned the call waiting feature.
- 10. Call Waiting Originating - Allows call waiting tones to be imposed automatically by the originating station.
- 11. Cancel Call Waiting - A line option that allows a user, by dialing a code, to prevent, on a per-call basis, any incoming calls from call waiting on his/her line.

TENINO EdLINE SERVICE (Continued)

B. DEFINITIONS (Continued)

12. Class of Service - Provides the capability to allow or deny individual station line features. The treatments can be arranged to control all calls originating or terminating on station lines.

13. Class of Service Restrictions

(a) Denied Originating Services - Restricts a line from originating calls. All attempts to originate a call from the restricted station can be routed to a designated station.

(b) Denied Terminating Services - Restricts a line from receiving calls. All incoming calls to the restricted station can be routed to a designated station.

(c) Local Only (LOCO) - Restricts a line to receiving calls only from within the Tenino EdLINE Service group of lines. Originating calls are processed in a normal manner.

(d) Toll Restricted Services - Restricts a line from originating a dialed toll call.

B. DEFINITIONS (Continued)

- 17. Direct Inward Dial (DID) - Allows incoming calls to reach a station without the assistance of an attendant or answering position.
- 18. Directory Number Hunt - Increase likelihood of an incoming call being completed within a customer group by sequential searching for an idle line on which to complete the call.
  - (a) First Hunt - Start with first line in hunt group regardless directory number dialed.
  - (b) Circular Hunt - Hunting starts with the line associated with the directory number dialed and continues over all lines in the hunt group until all lines have been searched or the call is completed.
  - (c) Sequential Hunt - Hunting starts with the line associated with the directory number dialed and end when the call is completed or when the last line of the hunt group is reached.
  - (d) Distributed Hunt - Hunting starts at the line in the hunt group which follows the last line to which a call was completed and continues over all lines in the hunt group until all lines are cover once or the call is completed to an idle line. When all lines in a distributed trunk group are busy, overflows can be routed to a specific directory number or to a specific route.

B. DEFINITIONS (Continued)

18. Directory Number Hunt (Continued)

(e) Line Hunting, Stop Hunt - Allows a customer to activate a key which will stop the line hunt at a presubscribed line.

(f) Line Hunting, Random Make Busy - Allows a customer to activate a key which will stop the line hunting from terminating at a specific line.

19. Distinctive Call Waiting Tones - Permits a called station line user to determine whether an incoming waiting call is external or internal to the customer group by providing different tone cadences for the two stations.

20. Distinctive Ringing - Provides a unique pattern of ringing to permit the station line user to distinguish between intragroup and DID calls.

21. Entity - A central office entity is one central office switching system located within a central office building that provides services to the same geographic service area within a telephone exchange.

TENINO EdLINE SERVICE (Continued)

B. DEFINITIONS (Continued)

- 22. Group Speed Calling - Allows a group of stations within a single subscriber the shared use of a speed calling list of up to 30 stored numbers. A control station will add, change or delete telephone numbers from the list for the group.
- 23. Inhibit Call Waiting - Allows a subscriber to inhibit both dial call waiting and call waiting originating, from imposing call waiting tones on the station line.
- 24. Individual Long List Speed Calling - Permits a station line user to dial selected numbers by using fewer digits than normally required. This is accomplished through the assignment of abbreviated codes to frequently called numbers. The speed calling list is customer-changeable. Allows a station line user to add, change, and/or delete telephone numbers from a list. A list of 30 numbers may be dedicated to the individual station line user.
- 25. Individual Short List Speed Calling - Permits a station line user to dial selected numbers by using fewer digits than normally required. This is accomplished through the assignment of abbreviated codes to frequently called numbers. The speed calling list is customer-changeable. Allows a station line user to add, change, and/or delete telephone numbers from a list. A list of eight numbers may be dedicated to the individual station line user.

B. DEFINITIONS (Continued)

- 26. Loudspeaker and Radio Paging Access - Allows stations and attendants to access customer-provided loudspeaker paging equipment to use speakers located throughout the customer's premises.
- 27. Station-to-Station Calling - Allows Tenino EdLINE Service subscriber group stations to complete calls to other stations within the group by using one to four digits without the assistance of an attendant.
- 28. Three-Way Conference - Allows a station line user to add a third party to an existing conversation.
- 29. Three-Way Conference/Call Transfer - Allows a user with or without the three-way calling feature assigned to form a three-way conference during a call transfer.
- 30. Touch Calling Station Signalling - Permits station equipment to utilize dual tone multifrequency signalling tones, instead of dial pulse to transmit called numbers, access codes, etc. to the central office entity, including the "#" and "\*" digits.

B. DEFINITIONS (Continued)

Option 1 - Call Handling Package

(1) Directed Call Pick-Up (DCPU)

- (a) DCPU Non-Barge-In - Permits a station line user to answer a call that is ringing any other line within the same customer group by dialing a code followed by the station number of the ringing line. If the called station line has already been answered, the initiating station line will be connected to a reorder tone.
- (b) DCPU Barge-In - Permits a station line user to answer a call that is ringing any other line within the same customer group by dialing a code followed by the station number of the ringing line. If the called station line has already been answered, the initiating station line may barge-in to the answered call and be connected into a three-way call.
- (c) DCPU Any Station - This is a terminating line option. A call to a station assigned the DCPUA option can be picked-up by any other member, from any phone within the defined customer group.
- (d) DCPU Barge-In Exempt - This is a terminating line option that blocks any attempt by another station to barge-in.
- (e) DCPU Exempt - This is a terminating line option that blocks any attempt by another station to pick-up a call by means of DCPU, either barge-in or non-barge-in.

Option 1 - Call Handling Package (Continued)

(2) Ring Again

- (a) Ring Again - Allows a station line user calling a busy station to be automatically connected to the called line when the line becomes idle.

Option 2 - Call Waiting Enhancements

- (a) Call Waiting Incoming Only - Call Waiting tones will be applied to the busy station only if the call originated from outside the customer group.
- (b) Call Waiting, Intragroup - Call Waiting tones will be applied to the busy station only if the call originated from within the customer group.
- (c) Dial Call Waiting - Permits a station line to impose call waiting on a busy station line by dialing the call waiting feature activation code, followed by the station number. This feature is an originating line feature that is applicable to intragroup calls only.

SCHEDULE 30 (Continued)

(N)

TENINO EdLINE SERVICE (Continued)

TENINO EdLINE SERVICE (Continued)

D. CONDITIONS

- (1) Tenino EdLINE Service is offered only to Tenino School District No. 402, Thurston County, State of Washington for fifty or more lines. This service is furnished subject to availability. In those cases where the Company determines that additional equipment must be provided on the customer's premises, the customer will be required to furnish the suitable space and environmental conditions as determined by the Company.
- (2) Tenino EdLINE Service will be provided to Tenino School District No. 402 locations within 3 miles from the Company's serving Central Office at the rates specified. Service beyond that distance will be provided, if feasible, on an individual case basis.
- (3) One directory listing in the Company's published directory is provided without charge for each Tenino EdLINE Service. Additional listings, if requested by the customer, will be furnished in accordance with Schedule 22 of this tariff. There will be no Company charge for any Non-Published or Non-Listed number associated with a Tenino EdLINE Service line.
- (4) All equipment and facilities installed by the Company on the Tenino School District No. 402 premises for use in connection with Tenino EdLINE service remain the property of the Company. The payment or prepayment of charges as provided in this tariff in no way constitutes a purchase of any equipment or facilities furnished by the Company and utilized in the provision of Tenino EdLINE Service.

SCHEDULE 30 (Continued)

(N)

TENINO EdLINE SERVICE (Continued)

TENINO EdLINE SERVICE (Continued)

D. CONDITIONS (Continued)

- (5) Tenino EdLINE Service station lines may be terminated in a customer-provided Key Telephone or PBX System. However, the resulting Key Telephone or PBX configuration shall not provide for more than one telephone instrument per Tenino EdLINE Service line, and no Tenino EdLINE Service line shall be terminated at more than one telephone instrument. Such lines may be either ground start or loop start and may have any standard treatment. Transmission quality over Tenino EdLINE Service lines that are terminated in a Key Telephone or PBX System may fail to meet normal transmission criteria. Additional transmission improvement requested by the customer, if feasible, will be provided by the Company at charges based on cost.
- (6) When using Call Forwarding and Call Transfer, the Tenino EdLINE Service customer is responsible for the payment of the tariff station-to-station charges for each call connected over the exchange system between the Tenino EdLINE Service and the telephone at which the call is answered. The charge is applied to each call answered, including the call establishing the Call Forwarding mode, and collect and person-to-person calls which are refused at the answering telephone.
- (7) Unless specifically exempted, Tenino EdLINE Service is subject to all rules, regulations and conditions applicable to the provision of service by the Company as stated elsewhere in this tariff.

D. CONDITIONS (Continued)

- (8) Trunk verification from a station line requires the establishment of a supplemental line treatment.
- (9) Tenino EdLINE Service provided by the Company is for the sole use of the customer and may not in any way be resold to or shared with a third party.
- (10) The Off-Premise Extension Surcharge specified in paragraph E.(2)3. of this Schedule applies in addition to all other applicable charges, including interexchange and inter-wire center charges, if the extension crosses an exchange or wire center boundary. Off-Premise Extensions will be provided only to Tenino School District No. 402 locations that are served directly by the Company and are within the geographic boundaries of the Company's exchange(s).
- (11) Certain Custom Calling features from Schedule 6 of this tariff may not be available with Tenino EdLINE Service.
- (12) Tenino EdLINE Service features and/or feature packages are available only with Tenino EdLINE Service and are not available in conjunction with any other service offered by the Company except as specifically provided in this Schedule 30.

## E. RATES AND CHARGES

(1) Line Rates - The following rates include standard line features, DTMF signaling, and local transport. When the Tenino EdLINE Service line extends between different central office serving areas, the interoffice mileage and foreign exchange line charges will also apply as specified in other sections of this tariff.

EdLINE Line Rates:

Per Tenino EdLINE Line, per month	\$17.50	(I)
-----------------------------------	---------	-----

(2) Optional Feature Rates - The following rates apply per month on a per line, per system or per location basis, as specified, for optional features:

Monthly Rates:

1. Call Handling Enhancement per line	\$1.50	(I)
2. Call Waiting Enhancement per line	\$1.50	(I)
3. Off-Premise Extension Surcharge, per Line per Additional Location	\$6.00

(3) Subsequent Additions

- (a) After initially subscribing to Tenino EdLINE Service with a particular number of lines and set of features, a customer may add Tenino EdLINE Service lines or feature by placing an order with the Company.
- (b) A customer ordering additional Tenino EdLINE Service lines must specify the number of lines and the features applicable thereto.

(4) Non-Recurring and Other Service Charges

- (a) Non-recurring charges from Schedule 21 of this tariff, as well as other normal service charges, apply for Tenino EdLINE Service lines as specified in other sections of this tariff for business customers.
- (b) Non-recurring charges apply for the preparation and entry of translations that activate, change or rearrange features.

RESIDENCE FOREIGN EXCHANGE SUBURBAN LINE SERVICE

Companies Involved: (a) Tenino Telephone Company  
(b) The Pacific Telephone and Telegraph Company

Exchanges Involved: (a) Local exchange, Bucoda (T)  
(b) Foreign exchange, Centralia

RATE PER MONTH

The rate for each primary station in the local exchange shall be the sum of the following:

1. Station Rate

For suburban service, the suburban residence primary station rate of the foreign exchange plus \$1.25 (I)

2. Mileage Rate

For the airline distance from the subscriber's station to the nearest point on the common boundary of the local and foreign exchanges,

First one-quarter mile or fraction \$0.50  
Each additional one-quarter mile or fraction .25 more than the preceding one-quarter mile.

CONDITIONS

1. Rates for local service comprehend service without additional charge to all stations receiving service from the exchange from which the foreign exchange service is furnished.

2. The interexchange rates applicable in connection with toll service over foreign exchange lines will be in accordance with the interexchange tariff provisions of the foreign exchange.

SCHEDULE NO. 45

LINE EXTENSION CHARGE

APPLICATION

This Schedule applies to extensions to plant, other than (C) Extensions of Service, as defined in Schedule 45A of this Tariff and to which the Rates and Charges specified in said Schedule 45A apply. (C)

CHARGES

A. In the Base Rate Area:

The Company will build at its own expense all extensions to (T) outside plant necessary to service subscribers within the base rate area.

B. In the Suburban Area:

The Company will build any extensions or additions to outside (T) plant necessary to serve subscribers within the suburban area; provided that the cost of such construction in excess of 3 years' (T) estimated exchange revenue shall be paid by the prospective subscriber in advance of construction. No extension will be considered as coming under this rule if the ratio of the total cost of the extension to the estimated annual exchange revenue is greater than six to one.

C. Extensions to Real Estate Subdivisions:

Extensions into tracts or subdivisions will be made by the Company provided that either the entire cost of such extension is paid in advance by the subdivider or the subdivider makes other arrangements that are acceptable to the Company.

LINE EXTENSION CHARGE

CONDITIONS

1. Subsequent applicants for service on such an extension who apply within three years after establishment of service shall obtain, in writing, from each and all of the original applicants, their successors or assigns, who made payments on the extensions under this Schedule, either:

(M)

(T)

a. A receipt of payment of a pro rata share of the amount paid on the extension by the original applicants, or

b. A waiver of payment in lieu of receipt under (a).

(M)

2. Provided, however, that when the cost of furnishing such service to the applicant referred to in Condition 1. exceeds the investment required of the utility under Charges B., then the connection will be treated as a new extension.

3. The charges set forth in this Schedule apply to Company plant along public roads, and to Company plant serving more than one subscriber over private property. If the distance from the Company's line to the applicant's premises is more than one span (poles required), connections from the public road into the applicant's premises shall be made at the sole expense of the individual applicant.

(T)

(T)

4. The routing of all extensions will be determined by the Company.

(T)

5. Applicants may contribute labor and/or materials to the construction of an extension. Materials so contributed must conform to the Company's construction standards.

SCHEDULE NO. 45A

LINE EXTENSION CHARGE (NEW)

APPLICABILITY

This Schedule applies to requests for extension of residential basic local exchange service within the Company's service area, where the application is completed and the application and all required payments have been received by the Company on or after October 4, 2008. This Schedule does not apply to the following: (D)(N)

(a) Requests for extension of residential basic local exchange service, where the application is completed and the application and any required payments have been received by the Company prior to October 4, 2008;

(b) Applications for extension of service for any non-residential service, including, but not limited to, business service;

(c) Applications for extensions of service for residential classes of service other than new tariffed residential basic local exchange service, unless the Company chooses to treat such application as being subject to this Schedule; or

(d) Applications from developers requesting service for developments.

SCHEDULE NO. 45A (Continued)

LINE EXTENSION CHARGE (NEW)

DEFINITIONS

(D)(N)

As used in this Schedule,

(a) the following terms shall have the definitions ascribed to them in WAC 480-120-071(1) and as may be clarified in this Schedule: applicant, cost of service extension, developer, development, distribution plant, drop wire, extension of service, extraordinary cost, order date, premises, tariffed, temporary occupancy, and temporary service;

(b) the term "Commission" means the Washington Utilities and Transportation Commission; and

(c) the term "cost of construction" has the same meaning as the term "cost of service extension," as the latter term is defined in WAC 480-120-071(1) and as the definition of such latter term may be clarified in this Schedule.

A copy of WAC 480-120-071(1) is available upon request

If more than one applicant is involved in a single application for an extension of service or in multiple applications for an extension of service to be constructed over a single construction path, the term "applicant," as used in this Schedule, includes each such applicant, unless the context requires otherwise.

SCHEDULE NO. 45A (Continued)

LINE EXTENSION CHARGE (NEW)

CHARGES AND CONDITIONS

(D)(N)

1. General

The Company will furnish, install and maintain all extensions of service to which this Schedule applies in accordance with the Company's lawful rates, charges, terms and conditions, and with its established construction standards.

2. Type of Construction

The type of construction (*e.g.*, buried or aerial, fiber-optic or metallic cable) used in extensions of service is the prerogative of the Company, except where designated by law. If the applicant requests a different type of construction than that specified by the Company and the Company accommodates the applicant's request, the applicant will be responsible for any additional cost.

3. Construction Route

The route of the extension of service will be determined by the Company. If the applicant requests a different route than that specified by the Company and the Company accommodates the applicant's request, the applicant will be responsible for any additional cost.

CHARGES AND CONDITIONS (Continued)

(D)(N)

4. Nature of Charges

The charges specified in this Schedule are in addition to all other applicable rates and charges set forth elsewhere in this Tariff or in other tariffs of the Company.

5. Estimated Cost of Construction

An estimate of the cost of construction for a specific extension of service will be provided to the applicant requesting the extension of service. Such estimate of the cost of construction will be in writing and will be valid for thirty (30) days after the Company provides such estimate or a bill for such amount to the applicant.

6. Easements, Rights-of-Way and Permits

Where the requested service location is such that the Company deems it necessary or desirable to use private easements or private and/or governmental rights-of-way, or any combination thereof, to construct the extension of service, the Company may require the applicant to provide, or pay the cost of procuring, such items, including, but not limited to, related permit fees and permit-related costs, in addition to any other applicable charges. The Company's obligation to provide an extension of service is expressly conditioned upon the availability to the Company of all such easements and/or rights-of-way satisfactory to the Company.

7. Order Date

When an applicant requests tariffed residential basic local exchange service that entails an extension of service, the "order date" for purposes of this Schedule shall be the later of the following:

(a) The date on which the Company receives the completed application for the extension of service; or

(b) If there are specific actions that the applicant must first complete in order to be in compliance with the Company's applicable tariffs and/or Commission rules (e.g., the procurement of easements and/or rights-of-way pursuant to 6. above and/or the construction, installation and/or placement of supporting structures and/or trenches pursuant to 12. below), the date on which all such actions have been completed and the Company has been advised by the applicant of such completion.

9. Application Process

The applicant must complete the application form provided by the Company and submit it to the Company. The application form will be provided to the applicant within seven (7) business days of the applicant's initial request for service. In the case of multiple applicants, each applicant must either submit a separate application form to the Company or be separately identified on and sign a single application form submitted to the Company. Each applicant will be billed an equal portion of the applicable extension of service charges. Multiple applicants may agree to divide the bill among themselves in a ratio different from that billed by the Company so long as the Company receives full payment. In instances where there are no applicable charges for an extension of service, the applicant's request for service will serve as the completed application for extension of service.

CHARGES AND CONDITIONS (Continued)

10. Construction Timeline

Under normal circumstances, the Company will construct the extension of service and provide residential basic local exchange service within thirteen months after the order date. Each of the following is an exception:

(a) When an extension of service entails costs of service extension or other charges to be paid by the applicant, the Company will present a bill to the applicant for the estimated cost of construction of the extension of service and associated charges within one hundred twenty days after the date on which the Company receives the application;

(b) When there are extraordinary costs for the allowance portion of the extension of service that the Company is authorized to recover (see 8. above), the Company will present the applicant with a bill for the extraordinary extension of service costs as soon as practicable after receiving permission from the Commission to recover the extraordinary costs;

LINE EXTENSION CHARGE (NEW)

CHARGES AND CONDITIONS (Continued)

10.    Construction Timeline (Continued)

(c) If the applicant is a subsequent applicant and required to pay any charges associated with a previous extension of service as provided in 13. following, the Company will present the applicant with a bill for the applicant's pro rata share of such prior charges, together with the estimated cost of service extension of any additional extension of service that may be required within one hundred twenty days after the order date; and

(d) If the Company petitions the Commission to recover from the applicant extraordinary costs associated with an extension of service and the Commission denies the Company's petition.

In the case of (a), (b) or (c) immediately preceding, the extension of service will normally be completed and new tariffed residential basic local exchange service provided within twelve months after the applicant returns the completed application to the Company and meets the payment terms established by the Company at the time the bill for the estimated cost of construction, including extraordinary costs if applicable, and other associated charges is presented to the applicant.

In the case of (d) immediately preceding, the period of time to complete the extension of service shall be extended by an amount of time equal to the time that has elapsed from the order date to the date of the Commission's order denying the Company's petition.

LINE EXTENSION CHARGE (NEW)

CHARGES AND CONDITIONS (Continued)

10. Construction Timeline (Continued)

In addition to the exceptions set forth under (a), (b), (c) and (d) immediately preceding, completion of the extension of service may be delayed or extended due to delays in obtaining permits related to the extension of service or due to other causes beyond the control of the Company, such as, but not limited to: unavailability of equipment or supplies; civil police or military action, including national emergencies, riots, war, civil insurrections or acts of terrorism; fire, flood or other natural disaster; delays caused by an applicant, including failure to provide access to an applicant's premises; delays caused by local, state, federal or tribal governmental authorities; delays caused by third parties; or negligent or willful misconduct of customers, an applicant or third parties, including, but not limited to outages originating from introduction of a virus onto the Company's network. If such an event occurs, the Company will inform the applicant of the estimated delay in the completion of the extension of service unless prevented from doing so by any of the causes described in this paragraph. The presence of any of the causes described in this paragraph shall also excuse the Company's failure to perform, or delay in performing, any other obligation of the Company set forth in this Schedule.

SCHEDULE NO. 45A (Continued)

(N)

LINE EXTENSION CHARGE (NEW)CHARGES AND CONDITIONS (Continued)11. True-Up of Costs of Extensions of Service

For an extension of service for which the cost of construction is billed to the applicant on an estimated basis, the Company will determine the difference between the estimated cost of construction and the actual cost of construction for the extension of service. If the actual cost of construction for the extension of service is less than the estimated cost of construction for the extension of service billed to and paid by the applicant, the Company will refund any overpayment. In the case of multiple applicants for an extension of service that follows a single path of construction, the refund will be made on a pro rata basis among the appropriate applicants. If the applicants have divided the bill for the estimated cost of the extension of service among themselves in amounts different from the amounts billed by the Company, it shall be the responsibility of the applicants to reconcile any difference in the refund(s). If the cost of construction for the extension of service exceeds the estimated cost of construction that was billed to the applicant, the Company may bill, and the applicant shall pay, the reasonable additional cost of service extension up to ten percent of the estimate. In the case of multiple applicants for a single extension of service, each applicant will be billed an equal portion of the excess amount. Multiple applicants may agree to divide the bill among themselves in a ratio different from that billed by the Company so long as the Company receives full payment.

CHARGES AND CONDITIONS (Continued)

11.    True-Up of Costs of Extensions of Service (Continued)

In case of a refund or additional charges (as described in the immediately preceding paragraph) for an extension of service under this Schedule, the Company will provide the applicant detailed construction costs showing any difference (whether in excess of the estimated cost of construction or below the estimated cost of construction).

12.    Supporting Structures and Trenches

Construction of an extension of service is expressly conditioned upon the applicant completing construction, installation and/or placement of supporting structures, trenches, or both, on the applicant's property as determined by the Company. The applicant's responsibility for the construction, installation and/or placement of supporting structures, trenches, or both, extends from the applicant's property line to the applicant's premises. In the case of multiple applicants for an extension of service, each applicant is responsible for the construction, installation and/or placement of supporting structures, trenches, or both, on such applicant's property from that applicant's property line to that applicant's premises. All such supporting structures must be constructed, installed and/or placed in accordance with Company construction specifications provided to the applicant by the Company. As used in this Schedule, the term "supporting structures" includes, but is not limited to, conduits.

CHARGES AND CONDITIONS (Continued)

12.    Supporting Structures and Trenches (Continued)

The applicant has the option of providing the trench and supporting structures from the applicant's property line to the applicant's premises as determined by the Company, or may choose the Company, or a different company, for the construction, installation and/or placement of the trench and supporting structures. If the applicant chooses the Company to dig the trench and/or provide the supporting structures, the applicant shall pay the Company all costs associated with the trench and the supporting structures, as applicable. Once supporting structures, trench, or both, have been constructed, installed and/or placed, the Company will provide the drop wire to the applicant at no charge. In instances where drop wire is provided by the Company to the applicant, the applicant shall place the drop wire in accordance with specifications provided to the applicant by the Company.

Once constructed, installed and/or in place in accordance with the Company's specifications, all supporting structures and drop wire from the applicant's property line to the applicant's premises shall be maintained by the Company so long as service is provided by the Company to the applicant at the applicant's premises. If the Company ceases to provide service to the applicant at the applicant's premises, the Company shall have no responsibility for maintenance of supporting structures and drop wire on the applicant's property. All supporting structures and drop wire furnished by the Company shall continue to be owned by the Company unless and until abandoned by the Company in writing.

CHARGES AND CONDITIONS (Continued)

12.    Supporting Structures and Trenches (Continued)

In arranging for service under this Schedule, the applicant shall be deemed to have granted the Company and its employees, agents and contractors an easement for, and permission for, ingress and egress to and from the drop wire, supporting structures, trench and protector or NID for purposes of installation, repair, maintenance, operation, augmentation and/or replacement of the said drop wire, supporting structures, trenches and protector or NID and/or for purposes of removal of the said drop wire, supporting structures and/or protector or NID. Such easement and permission shall be in addition to all other easements and permissions that the Company may have with respect to the applicant's property and shall be and remain in effect for so long as the Company provides service to the applicant's premises or has facilities located on the applicant's property.

Any cost incurred because of the sharing of support structure on the applicant's property with another utility shall be the responsibility of the applicant.

SCHEDULE NO. 45A (Continued)

(N)

LINE EXTENSION CHARGE (NEW)CHARGES AND CONDITIONS (Continued)13. Subsequent Applicants to Existing Extensions of Service for Which Charges Were Paid Pursuant to this Schedule

If, within five years of the order date for an extension of service, a subsequent applicant seeks service that would be provided by means of a previous extension of service pursuant to this Schedule where the original applicant paid extension of service charges under this Schedule, then the subsequent applicant shall pay to the Company a proportionate share of the original extension of service charges before the Company will provide service to the new applicant from the previous extension of service. However, if a subsequent applicant's service falls within the original allowance established pursuant to 8. above (or if there were multiple original applicants, the original aggregate allowance), then no amount shall be due from the subsequent applicant on account of the previous extension of service.

Any amount received by the Company from a subsequent applicant by reason of an earlier extension of service will be made available for refund by the Company proportionately to the original applicant(s) that paid charges pursuant to this Schedule with respect to that earlier extension of service. The Company will provide notice of the availability of a refund to such applicant(s) by mailing such notice to such applicant(s)' respective last known address(es), as reflected in the records of the Company. The notice will state the amount of the refund available. Such refund will be made only upon request received by the Company within sixty days of the date such notice was sent. Any such refund amount, the request for which is not received by the Company within sixty days of the date such notice was sent, will be refunded to the subsequent applicant.

SCHEDULE NO. 45A (Continued)

(N)

LINE EXTENSION CHARGE (NEW)CHARGES AND CONDITIONS (Continued)13. Subsequent Applicants to Existing Extensions of Service for Which Charges Were Paid Pursuant to this Schedule (Continued)

Where a subsequent application involves an additional extension of service such that the previous extension of service must be extended further in order to provide service to the subsequent applicant, such subsequent application shall be deemed to be an application for a new extension of service and no amount shall be collected from the subsequent applicant and refunded to the previous applicant(s) on account of the previous extension of service.

14. Temporary Service; Service to Premises Having Only Temporary Occupancy

Where an applicant requests temporary service or service to premises having only temporary occupancy, and the requested service requires an extension of service, the allowance set forth in 8. above shall not apply and the applicant will be billed for, and is responsible for paying, the full cost of the extension of service. The order date for such extension of service shall be considered to be the date upon which the applicant for temporary service meets the payment conditions contained in or provided with the bill for the estimated cost of construction. The true-up provisions of 11. above apply to extensions of service for temporary service or extensions of service to serve premises having only temporary occupancy. If an application for temporary service or for service to premises having only temporary occupancy will utilize a previous extension of service constructed pursuant to this Schedule, the applicant for such service shall be considered to be a subsequent applicant and have all of the obligations of a subsequent applicant under 13. above.

CHARGES AND CONDITIONS (Continued)

15. Additional Information and Notices to Applicants

When the application form for an extension of service is provided to the applicant, the Company will also provide a brief explanation of the extension of service rules. The explanation will include the possibility that the applicant will be required to contribute to the cost of a previously built extension of service that is less than five years old and was constructed pursuant to this Schedule if such previously built extension of service is involved in providing service to the applicant.

When a bill for extension of service costs is delivered to an applicant for an extension of service, the Company will provide the applicant with a notice of the potential right to be reimbursed for a portion of the cost of the extension of service as described in 13. above and of the duty to keep the Company apprised of the applicant's current address if the applicant wishes to receive future notice of the availability of such reimbursement.

16. Other Limitations on the Company's Obligations

The Company may refuse to process an application for extension of service if the application is not in compliance with Commission rules, the terms and conditions of the Company's tariff, or both. The Company may also refuse to process an application for extension of service if any of the applicants is not in compliance with Commission rules, the terms and conditions of the Company's applicable tariff, or both. In addition, the Company may refrain from processing an application for extension of service or proceeding with the extension of service if the Company determines that it is going to refuse service in accordance with WAC 480-120-061.

SCHEDULE 46

ADJUSTMENT TO RATES AND CHARGES FOR  
RECOVERY OF EXCISE TAXES

GENERAL:

1. The rates and charges applicable under other schedules of this tariff do not include any portion of business, occupation, use of streets or other excise taxes levied by any municipality or other governmental body.
2. In order for the Company to recover its costs of the above-referenced taxes without imposing the burden of that tax upon its subscribers outside the territorial limits of the taxing jurisdiction, amounts equivalent to such taxes where now imposed, or which may hereafter be imposed, shall be billed by the Company to its exchange customers within the territorial limits of the taxing jurisdiction on a pro-rata basis as hereinafter set forth.

APPLICABILITY:

The adjustment set forth in this Schedule shall apply to all rates and charges for exchange services and intrastate message toll telephone services applicable under other schedules of this tariff within the territorial limits of any taxing jurisdiction which has imposed or hereafter imposes any business, occupation, use of streets or other excise tax or license fee upon the right of the Company to operate or do business within the jurisdiction of the taxing entity.

TAX ADJUSTMENT:

The rates and charges applicable under other schedules of this tariff for each subscriber within the territorial limits of each of the following taxing jurisdictions shall be increased on a pro-rata basis by a sum equivalent to the amount of the following described taxes which the Company is required to pay for exchange services and intrastate message toll telephone services to that taxing jurisdiction, subject to the conditions set forth hereinbelow:

ADJUSTMENT TO RATES AND CHARGES FOR  
RECOVERY OF EXCISE TAXES

TAX ADJUSTMENT: (continued)

2. In taxing jurisdictions where the ordinance or similar edict creating one of the above-referenced taxes provides for a tax on the amounts collected for the applicable tax, an effective tax rate for billing will be determined by relating the amount of tax imposed by the ordinance to revenues. The effective rate so determined will be applied to the rates and charges applicable under other schedules of this tariff for exchange services and intrastate message toll telephone service, as applicable, on each subscriber's bill. (M)

3. Deductions authorized by the ordinance or similar edict creating one of the above-referenced taxes which reduce the total amount of taxes paid to the taxing jurisdiction will be made before determining the effective tax rate to be applied to each subscriber bill as set forth in Conditions 1 and 2 above. SCHEDULE NO. 47

END USER ACCESS LINE SURCHARGE

APPLICABILITY

The rates and charges set forth in this schedule are applicable to all of the business and residence End User Common Lines or otherwise designated lines provided by the Company to its customers for access to the telecommunications network.

TERRITORY

Within the exchange area of all exchanges as said areas are defined on maps filed as a part of this tariff.

RATES AND CHARGES

1. For each single party business and residence access line, the sum of \$2.00 each month.
2. For each customer receiving multi-party business or residence service through an access line, a sum each month equal to the Company's per end user access line revenue requirement divided by the average line fill for each grade of service [to-wit: the ratio of the total number of customers in the particular grade of service (i.e., 2 party, 4 party, etc.) to the total number of lines devoted to serving such customers] adjusted on a semi-annual basis, but not in excess of \$2.00 each month.

CONDITIONS

1. The rates and charges set forth in this schedule apply in addition to all rates and charges set forth in other applicable schedules of this tariff.
2. This schedule shall not be construed as an independent offering of any particular class or grade of service but applies only to services offered under other schedules of this tariff or to services which the Company has otherwise agreed to provide.

SCHEDULE NO. 48 (T)

NETWORK ACCESS AND TOLL SERVICE

CONCURRENCE IN "WECA TARIFF": (C)

By this reference thereto, Tenino Telephone Company (the "Company"), for the purpose of providing intrastate access service, hereby concurs in Washington Exchange Carrier Association Tariff WN U-2 filed with the Washington Utilities and Transportation Commission (the "WECA Tariff") as hereby modified under the heading "Modifications", and excepting therefrom those portions thereof set forth under the heading "Exceptions", and substituting therein the rates and charges set forth below under the heading "Substituted Rates and Charges". Except as otherwise provided herein, the regulations, terms, conditions, rates and charges applicable to the provision of Switched Access Service, Special Access Service and other miscellaneous services provided by the Company to Intrastate Customers ("ICs") are the same as those in the WECA Tariff. The Company's provision of service as set forth in the WECA Tariff is specifically intended to provide exchange network access to ICs for their own use or in furnishing their authorized intrastate services to end users, and for operational purposes directly related to the furnishing of their authorized services, and no other. Operational purposes include testing and maintenance of circuits, demonstration and experimental services and spare services. Telephone exchange services required by the ICs for their individual administrative use are furnished under other applicable schedules of this tariff. The Company will determine whether the access rates and charges specified in the WECA Tariff (including the substitute rates and charges specified in this schedule) or the rates and charges in other schedules of this tariff apply, based on the use of the facilities involved by ICs. (C)

Any and all references hereinafter to the "Contel Tariff" shall be deemed to refer to the "WECA Tariff." (N)

- Orders for the Interim NXX Translation optional feature shall not be required until such time as a customer other than an MTS/WATS provider requests Interim NXX Translation of Service Access Codes. Upon receipt of such order, the Telephone Company shall notify the MTS/WATS provider(s) of the activation of the Interim NXX Translation Service for the Service Access Code. Following such initial activation, all customers are required to place orders for Interim NXX Translation of the Service Access Code and the Interim NXX Translation charge for the Service Access Code shall apply as set forth in 5.8.3 following.
- Customers other than an MTS/WATS provider may, at their option, order FGD by specifying the number of trunks desired between customer designated premises and an entry switch. When ordering by trunk quantities rather than BHMC quantities to an access tandem, the customer must also provide the Telephone Company an estimated of the amount of traffic it will generate to and/or from each end office subtending the access tandem to assist the Telephone Company in its own efforts to project further facility requirements.

(N)

NETWORK ACCESS AND TOLL SERVICE

CONCURRENCE IN "CONTEL TARIFF" (continued):

EXCEPTIONS (continued):

- Special Access Service may be ordered for connection with FGC or FGD Switched Access Service at Telephone Company designated WATS Serving Offices (WSOs) for the provision of WATS or WATS-type Services and may be ordered separately by a customer other than the customer which orders the FGC or FGD Switched Access Service. For the Special Access Service the customer shall specify the customer designated premises at which the Special Access Service terminates, the type of line (*i.e.*, originating, terminating, or two-way) and the type of Supervisory Signaling. When the optional screening, switching and/or recording functions are not provided at the customer serving wire center, Channel Mileage, as set forth in 6.2.1 following, must be ordered between that wire center and the nearest WSO where the screening, switching and/or recording functions can be provided.
- For all Special Access Services, the customer must specify the customer designated premises or hubs involved, the type of service (*e.g.*, Voice Grade, High Capacity), the channel interface, technical specification package and options desired. For multipoint services, the channel interface at each customer designated premises may, at the request of the customer, be different but all such interfaces shall be compatible.

SCHEDULE NO. 48 (continued)

(N)

NETWORK ACCESS AND TOLL SERVICE

CONCURRENCE IN "CONTEL TARIFF" (continued):

EXCEPTIONS (continued):

- The BHMC may be determined by the customer in the following manner. For each day (8 a.m. to 11 p.m., Monday through Friday, excluding national holidays), the customer shall determine the highest number of minutes of use for a single hour (e.g., 55 minutes in the 10-11 a.m. hour). The customer shall, for the same hour period (i.e., busy hour) for each of twenty consecutive business days, pick the twenty consecutive business days in a calendar year which add up to the largest number of minutes of use. Both originating and terminating minutes shall be included. The customer shall then determine the average busy hour minutes of capacity (i.e., BHMC) by dividing the largest number of minutes of use figure for the same hour period for the consecutive twenty business day period by 20. This computation shall be performed for each end office the customer wishes to serve. These determinations thus establish forecasted BHMC for each end office."

CONCURRENCE IN "CONTEL TARIFF" (continued):

EXCEPTIONS (continued):

6. 800 Data Base Access Service

(a) The following new definitions are added to Section 2.6 of CONTEL Tariff WN U-6:

"800 Service Management System

The term "800 Service Management System" (800 SMS) denotes the main operations support system used to create and update 800 service records in the national 800 data base.

800 Service Provider

The term "800 Service Provider" denotes a telecommunications company, including Exchange and Interexchange Carriers, that offers 800 Service to subscribers.

Query

The term "Query" denotes a request for specific information generated by a computer processor and sent to a data base, with a predefined set of responses expected.

Response

The term "Response" denotes one response from a set of predefined expected responses to a request for information contained in a query from a computer processor.

EXCEPTIONS (continued):

Responsible Organization (RESPORG)

The term "Responsible Organization" denotes the entity that is responsible for the management and administration of 800 Data Base Access Service records in the 800 Service Management System.

Service Switching Point (SSP)

The term "Service Switching Point" denotes a signal point equipped with the ability to halt call process, formulate and send a SS7 query to a remote location and route the call based on information contained in the response.

Signaling System 7 (SS7)

The term "Signaling System 7" denotes the signaling protocol used to transmit 800 Data Base queries and responses."

(b) Each reference in the following sections of CONTEL Tariff WN U-6 to "Interim 800 Translation service" shall be deemed to read "Interim NXX Translation service and/or 800 Data Base Access Service": 4.2.8(A).

(c) Each reference in the following sections of CONTEL Tariff WN U-6 to "Interim 800 Translation optional feature" shall be deemed to read "Interim NXX Translation optional feature and/or 800 Data Base Access Service": 5.1.1(C); 5.2.3(A)(1).

EXCEPTIONS (continued):

(f) The first paragraph of Section 5.1.2(C)(1) of CONTEL Tariff WN U-6 is modified to read as follows:

"(1) Interim NXX Translation

The Interim NXX Translation rate elements provide for customer identification of non-data base calls dialed for end users in the 1+SAC+NXX-XXXX (e.g., 1+900+NXX+XXXX) format. The NXX codes are assigned to specific customers in conformance with the North American Numbering Plan (NANP). NXX code assignment(s) will be made by the Bellcore NANP Coordinator, or such other authority as the Federal Communications Commission may designate for such purpose. The Telephone Company will use the NXX code to identify the customer to whose point of termination the traffic is to be delivered (i.e., at appropriately equipped electronic end offices, access tandems or through contracted arrangements with other parties). It is then the responsibility of the customer to do any further translation the customer deems necessary and route the call. Customer assigned NXX codes which have not been ordered will be blocked."

NETWORK ACCESS AND TOLL SERVICE

CONCURRENCE IN "CONTEL TARIFF" (continued):

EXCEPTIONS (continued):

(g) The following new Section 5.1.2(C)(2) is added to Section 5.1.2(C) of CONTEL Tariff WN U-6:

"(2) 800 Data Base Access Service

800 Data Base Access Service is provided to all customers in conjunction with FGC and FGD switched access service. When a 1+800+NX+XXXX call is originated by an end user, the Telephone Company will utilize the Signaling System 7 (SS7) network to query an 800 data base to identify the customer to whom the call is to be delivered and provide vertical features based on the dialed ten digits. If other necessary facilities and/or services (e.g., trunks to the Telephone Company-designated Service Switching Point (SSP) initiating the query) have been ordered and installed, the call will then be routed to the identified customer over FGC or FGD switched access service.

A Basic or Vertical Feature Query charge, as set forth in 5.8.1(E)(1) following, is assessed for each query launched to the data base which identifies the customer to whom the call is to be delivered. The Basic Query provides the identification of the customer to whom the call is to be delivered and includes area of service routing which allows routing of 800 calls by telephone companies to different interexchange carriers based on the Local Access Transport Area (LATA) in which the call originates. The Vertical Feature Query provides the same customer identification as the basic query and vertical features which may include: (1) call validation (ensuring that calls originate from subscribed service

(N)

NETWORK ACCESS AND TOLL SERVICE

CONCURRENCE IN "CONTEL TARIFF" (continued):

EXCEPTIONS (continued):

(i) Section 5.3.3(A) of CONTEL Tariff WN U-6 shall be deemed modified to read as follows:

"(A) Interim NXX Translation

Interim NXX Translation optional feature is an originating offering utilizing trunk side Switched Access Service. The service provides a customer identification function based on the dialed non-data base SAC-NXX number (e.g., 900-NXX number).

When a 1+SAC+NXX-XXXX non-data base call is originated by an end user, the Telephone Company will perform the customer identification function based on the dialed digits to determine the customer location to which the call is to be routed. If the call originates from an end office switch not equipped to provide the customer identification function, the call will be routed to an office at which the function is available. Once the customer identification has been established, the call will be routed to the customer. Calls originating from an end office switch at which the customer identification function is performed, but to which the customer has not ordered Interim NXX Translation, will be blocked.

The manner in which Interim NXX Translation is provided is dependent on the status of the end office from which the service is provided (i.e., equipped with equal access capabilities or not equipped with equal access capabilities). When Interim NXX Translation is provided from an end office equipped with equal access capabilities, it will be provided in conjunction with FGD Switched Access Service. When Interim NXX Translation is provided from an end office not equipped with equal access capabilities, it will be provided in conjunction with FGC Switched Access Service."

SCHEDULE NO. 48 (continued)

(N)

NETWORK ACCESS AND TOLL SERVICE

CONCURRENCE IN "CONTEL TARIFF" (continued):

EXCEPTIONS (continued):

These ratios will be developed by dividing the unidentified originating 800 minutes of use and/or queries at an end office by the total unidentified originating minutes of use and/or queries in all end offices subtending the tandem or SSP. For example, assume:

- Three end offices (EO-1, EO-2 and EO-3) subtend a tandem

EO-1 measures 2,000 minutes of 800 use	
EO-2 measures 3,000 minutes of 800 use	
EO-3 measures 5,000 minutes of 800 use	
10,000	TOTAL

- The tandem delivers 800 usage to two customers:

IC-A has 4,000 minutes of use
IC-B has 6,000 minutes of use

- The allocation ratio for EO-1 is 20%

2,000/10,000

- The minutes of use to be billed by EO-1 are

800 to IC-A (20% x 4,000)	
<u>1,200</u> to IC-B (20% x 6,000)	
2,000	TOTAL"

"11.3.3 Presubscription

"(A) InterLATA Presubscription

(1) InterLATA Presubscription is an arrangement whereby an end user subscriber to Telephone Exchange Service may select and designate to the Telephone Company an interexchange carrier (IC) to access, without an access code, for intrastate interLATA toll calls. This IC is referred to as the end user's interLATA predesignated Interexchange Carrier (PIC). To the extent, if any, that the Company offers interLATA toll service, the end user may select the Telephone Company as the end user's interLATA PIC, or the end user may select as its interLATA PIC any other IC that has identified to the Telephone Company that it will accept such selection and that orders and obtains originating Feature Group D (FGD) Switched Access Service at the end office that serves the end user. Except as provided below, for any change in interLATA PIC selection, a nonrecurring charge, as set forth in 11.3.3(J) following, applies.

SCHEDULE NO. 48 (Continued)

(N)

NETWORK ACCESS AND TOLL SERVICE

CONCURRENCE IN "CONTEL TARIFF" (continued):

EXCEPTIONS (continued):

8. (continued):

(2) New end user subscribers to Telephone Exchange Service who are served by end offices equipped with Feature Group D will be asked to select an interLATA PIC at the time they place an order with the Telephone Company for Telephone Exchange Service. They may select either of the following options, to the extent operating conditions so permit:

- Designate an IC as an interLATA PIC and dial 101XXXX to reach other ICs.
- Elect to have no interLATA PIC, in which case all interLATA calls that would be routed based upon the end user's selected PIC will require that an access code of 101XXXX be dialed.

If prior to the date of installation of Telephone Exchange Service, the new end user subscriber fails to designate an IC as its interLATA PIC and fails to elect to have no interLATA PIC, the Telephone Company will (1) allocate the end user to an IC based upon current IC presubscription ratios, or (2) require the end user to dial an access code (101XXXX) for all intrastate interLATA toll calls, or (3) block the end user from intrastate interLATA toll calling. The end user will be notified which option will be applied if the end user fails to designate an interLATA PIC.

CONCURRENCE IN "CONTEL TARIFF" (continued):

EXCEPTIONS (continued):

8. (continued):

Only one ILPIC may be selected for each Telephone Exchange Service line or trunk, but that carrier need not be the same as the interLATA PIC for that line or trunk.

The following categories of calls from an end user subscriber's line or trunk may be carried over the Telephone Company's network, notwithstanding the ILPIC selection for that line or trunk:

- All Directory Assistance calls dialed without a carrier access code; calls to N11 codes (e.g., 911), calls to certain Information Service Providers (e.g., 976, 540), etc.

(2) The following regulations are applicable to Telephone Exchange Service subscribers where ILP is available:

- All subscribers to one or more new Telephone Exchange Service lines or trunks must select and designate to the Telephone Company an ILPIC for each such new line or trunk at the time they place an order for such new Telephone Exchange Service.

- Telephone Exchange Service end users may choose another qualified carrier, other than their ILPIC, to carry selected qualifying calls, by dialing 101XXXX or other necessary access codes to reach the customer's carrier of choice.

"(C) IC-Requested Presubscription Changes

(1) To the extent that the Company may honor requests from ICs for PIC and/or ILPIC changes, any such request must be submitted to the Company in writing (or other mutually agreed format). Any such request received by the Company from an IC requesting a change of PIC or ILPIC with respect to any Telephone Exchange Service access line or trunk will be treated as applying only to originating interLATA toll traffic, unless the request expressly identifies that it applies to originating intraLATA toll traffic. If such a request identifies that it applies to intraLATA toll traffic, it will be treated as applying to both interLATA and intraLATA toll traffic, unless it expressly excludes interLATA toll traffic. In the event that an IC submits a change of PIC and/or ILPIC that is honored by the Company and that, in accordance with this 11.3.3(C)(1), results in an erroneous PIC and/or ILPIC for the affected Telephone Exchange Service line or trunk, the erroneous PIC and/or ILPIC will be treated as an unauthorized presubscription change by the IC and unauthorized change charges, as set forth in 11.3.3(D) following, will apply.

SUBSTITUTED RATES AND CHARGES

The rates and charges set forth hereinbelow shall apply in lieu of the corresponding rates and charges set forth in the sections of the Contel Tariff identified hereinbelow. For any rate element or rate sub-element not listed below the rates and charges set forth in the Contel Tariff shall apply.

Application of Tariff

Notwithstanding anything to the contrary set forth in this tariff, the Telephone Company does not concur in the switched access rates or charges or rate or charge elements contained in Sections 5.8.1(A), (B) or (D) and 5.8.2(B) or (C) of the Contel Tariff for purposes of their application to (1) Switched Access Service traffic and (2) Direct Trunked Transport service. In lieu thereof, the Telephone Company adopts by reference and concurs in those portions of NECA Tariff F.C.C. No. 5 as set out under "Concurrence" below for (1) Switched Access Service traffic and (2) Direct Trunked Transport service, subject to the exceptions set out under "Exceptions" below.

Concurrence: This concurrence applies to the following sections of NECA Tariff F.C.C. No. 5:

<u>Section Number</u>	<u>Description</u>
17.2	Switched Access Service
17.4.1	Access Ordering
17.4.2	Additional Engineering
17.4.3	Additional Labor
17.4.4(A)	Additional Cooperative Acceptance Testing

SUBSTITUTED RATES AND CHARGES (continued) :

Exceptions (Continued) :

To the extent that the portions of the NECA Tariff F.C.C. No. 5 that are concurred in contain terms that are specifically defined in Section 2.6 of that tariff, those definitions will apply for the above stated purposes.

To the extent that application of any of the foregoing provisions requires application of NECA Tariff F.C.C. No. 4, the Telephone Company concurs for such purposes in the portions NECA Tariff F.C.C. No. 4 applicable to the Telephone Company.

In addition to all other applicable charges, the following charge shall apply to intrastate originating minutes for Switched Access Service: \$0.011154 per originating minute.

General Exception for Measurement and Billing

In further explanation of, and notwithstanding anything to the contrary in, WECA Tariff WN U-2, the Company, at its option, may use the following measurement parameters where calls are delivered to the Company without sufficient information available for the Company to develop terminating access records in the normal manner and, in some instances, may be used for billing originating calls:

The Company will use Signaling System 7 (SS7) ISDN user part (ISUP) to determine the measurement times for a call for purposes of access billing. The terminating call will be deemed to begin for billing purposes with transmission and receipt of the Address Complete Message and the call will be deemed to be complete for billing purposes with transmission and receipt of the Release Complete Message. The originating call will be deemed to begin for billing purposes with the transmission and receipt of Answer Message and will be deemed to be complete for billing purposes with the transmission and receipt of Release.

SCHEDULE 49

TELEPHONE ASSISTANCE PROGRAM

(T)

(D)

(D)

The Company participates in the Lifeline program. Subscribers may be eligible for the Lifeline service offering (“Lifeline service”) under Subpart E of Part 54 of Title 47, Code of Federal Regulations (“CFR”). Within the service areas for which the Company is designated as an “eligible telecommunications carrier” pursuant to Subpart C of Part 54 of Title 47 CFR, the Company offers Lifeline service to qualifying low-income consumers.

(T)

Lifeline service is a non-transferable retail local service offering that is available only to qualifying low-income consumers and for which qualifying low-income consumers pay charges that have been reduced in accordance with Subpart E of Part 54 of Title 47 CFR. In addition, for an “eligible resident of Tribal lands,” as defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, the Company's Lifeline service charges are further reduced in accordance with Subpart E of Part 54 of Title 47 CFR.

(T)

(T)

The Company's offering of Lifeline service includes “toll limitation” only in the form of “toll blocking” (and not “toll control”), as those terms are defined in Subpart E of Part 54 of Title 47 CFR. “Toll blocking” is available with respect to Company-provided Lifeline service at no Company charge to the Company's subscriber to such Lifeline service.

On the issue date of this tariff sheet, “toll blocking” is defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR, as “a service provided by an eligible telecommunications carrier that lets subscribers elect not to allow the completion of outgoing toll calls from their telecommunications channel.” “Toll blocking” does not necessarily result in the blocking of collect calls to the subscriber's telephone line or the blocking of calls billed from another location to the subscriber's telephone line.

SCHEDULE 49 (Continued)

TELEPHONE ASSISTANCE PROGRAM (Continued)

(T)

If the service areas for which the Company is designated as an “eligible telecommunications carrier” pursuant to Subpart C of Part 54 of Title 47 CFR includes any “Tribal lands,” as that term is used in § 54.413 of Subpart E of Part 54 of Title 47 CFR, then, with respect to such “Tribal lands,” the Company also offers “Tribal Link Up,” as defined in § 54.413 of Subpart E of Part 54 of Title 47 CFR to each “eligible resident of Tribal lands,” as defined in § 54.400 of Subpart E of Part 54 of Title 47 CFR. Tribal Link Up provides, under certain circumstances, (i) a reduction of the customary charge for commencing telecommunications service and (ii) other benefits pertaining to such charge and to interest charges, if any, that may apply thereto, all as specified more fully in Subpart E of Part 54 of Title 47 CFR.

(T)

The availability of the telephone assistance programs described in this schedule, or any of them, to any otherwise eligible subscriber or applicant may be subject to such subscriber or applicant granting his or her written consent to disclosure and/or transmission by the Company of certain information pertaining to that subscriber or applicant, including, but not necessarily limited to, his or her name, other subscriber- or applicant-identifying information, the service address to which the relevant telephone assistance program service is being applied for and/or is being furnished, the specific assistance program in which the subscriber or applicant participates or has applied to participate, and the date or dates of such participation or requested participation, all in accordance with Subpart E of Part 54 of Title 47 CFR.

PUBLIC ACCESS LINE SERVICE (Continued)

DEFINITIONS:

The following definitions, in addition to those set forth elsewhere in this Tariff, apply to this Schedule:

1. "Additional Features" means any or all of the following:
  - (a) "Central Office Coin Supervision" means the provision of any or all of the following, depending upon the Company's central office facilities, capabilities and operating conditions: (1) signalling on a Public Access Line indicating to a suitably equipped pay telephone that deposited coin(s) are to be collected or returned to the calling party; (2) signalling on a Public Access Line indicating to a suitably equipped pay telephone that coins are to be deposited (such as for Semi-Postpay operation); (3) signalling on a Public Access Line from which a call originates indicating that the called station has answered; (4) the capability of the central office line equipment to pass signals and/or tones from a Public Access Line to a trunk terminating at a suitably equipped operator service provider, such signals enabling a suitably equipped operator service provider to recognize coin deposits and to indicate to a suitably equipped pay telephone that deposited coins are to be returned or collected; (5) to permit a suitably equipped operator service provider to automatically ring back the originating Public Access Line upon completion of a call.
  - (b) "Originating Line Screening" means the provision of certain codes that permit an aggregator or operator service provider to identify whether a line from which a call originates is a Public Access Line.
  - (c) "Billed Number Screening" means the provision of certain codes that permit an aggregator or operator service provider to identify whether a line to which a call is to be billed is subject to certain billing restrictions.

SCHEDULE 52 (Continued)

(N)

PUBLIC ACCESS LINE SERVICE (Continued)

DEFINITIONS (continued):

1. (continued)

(d) "International Call Blocking" means the blocking by the Company's serving central office of all direct-dialed (011+ or 10XXX 011+) international calls.

(e) "Selective Class of Call Screening" means restriction of calls originating from a Company-provided Public Access Line to local calls and calls dialed by the calling party on a "0+", "0-", "00-", "10XXX0+", "10XXX0-", "1+800+", "1+888+" or "1+950+10XX" basis, where such dialling patterns are available. Where available, Selective Class of Call Screening is a feature implemented by the originating central office that serves the Public Access Line.

2. "Aggregator" means a person or entity that, in the ordinary course of its operations, makes pay telephones available for intrastate or interstate service to the public or to users of its premises.

3. "Central-office implemented telephone" means a coin telephone executing coin acceptance requiring coin service signaling from the central office.

4. "Coin service signaling" means Central Office Coin Supervision.

5. "Coin telephone" means a telephone capable of receiving nickels, dimes and quarters to complete telephone calls.

SCHEDULE 52 (Continued)

(N)

PUBLIC ACCESS LINE SERVICE (Continued)

DEFINITIONS (continued):

- 6. "Coinless telephone" means a pay telephone where completion of calls, except free calls, must be billed by an alternative billing method such as credit cards, calling cards, collect, third-party billing, or billed in connection with the billing of meals, goods and/or services. The term "coinless telephone" includes, but is not limited to, charge-a-call, cordless, tabletop and credit card stations, but does not include in-room telephones provided by hotels, motels, hospitals, campuses or similar facilities for the use of guests or residents.
- 7. "Customer-provided pay telephone" means any pay telephone connected to the Company's network and not furnished and installed by the Company.
- 8. "Instrument-implemented telephone" means a coin telephone containing all circuitry required to execute coin acceptance and related functions within the instrument itself and not requiring coin service signaling from the central office.
- 9. "Pay telephone" means any instrument-implemented telephone, central office-implemented telephone, card reader telephone or coinless telephone.
- 10. "Public Access Line" means an exchange service line furnished by the Company pursuant to this Schedule.
- 11. "Subscriber" means the party that orders Public Access Line Service from the Company.

TENINO TELEPHONE COMPANY

SCHEDULE 52 (Continued)

(N)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS:

1. Pay telephones may be connected to the Company's network only by means of a Public Access Line. Public Access Line Service is a business class of service.
2. When ordering Public Access Line Service, the Subscriber must specify the desired Additional Features, if any. Additional Features offered by this Schedule will be furnished only in conjunction with Company-provided Public Access Lines.
3. Public Access Line Service and associated Additional Features are available only where Company equipment, facilities and operating conditions permit.
4. Public Access Line Service does not include any directory listing. If ordered by the Subscriber, one or more directory listings will be provided in accordance with the provisions of this Tariff applicable to additional listings for business class service.
5. Public Access Line Service includes the provision of a dial-tone access line connecting the Company's serving central office with the customer-designated premises. The Company will install a Network Interface Device at a location determined by the Company on or in reasonable proximity to the customer-designated premises. If a Subscriber requests installation of the Network Interface Device in a location other than that determined by the Company, the Company will attempt to accommodate the Subscriber's request if the alternate location is practical, allows the Company unrestricted access to the Network Interface Device at all times and the Subscriber pays the additional costs of installation, if any, in advance. The Network Interface Device will be a Company-selected protector, including an RJ-11 jack or its equivalent or such other jack or its equivalent as the Company may select. All equipment and facilities furnished by the Company up to and including the Company-provided Network Interface Device remain the property of the Company.

SCHEDULE 52 (Continued)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

6. Where the Subscriber is not the owner of the premises on which the Public Access Line Service is to be installed, the Subscriber is responsible, at its sole expense, for obtaining for the Company the legal right, in form and substance satisfactory to the Company, to install its facilities and equipment on the premises. The Subscriber shall indemnify and hold harmless the Company from and against any and all claims (including, but not limited to, reasonable attorneys' fees incurred in connection with any such claim) by the premises owner or any third party arising, in whole or in part, from the Company's installation, maintenance or operation of its facilities on the premises to which Public Access Line Service is furnished pursuant to this Schedule, except claims arising solely from the negligence, gross negligence or willful misconduct of the Company. For purposes of the immediately preceding sentence, none of the following, either singularly or in combination, shall be deemed, construed or adjudged to constitute, or to be attributable to, negligence, gross negligence or wilful misconduct of the Company: (1) the location or placement of any customer-provided pay telephone; (2) the connection by the Company of any of its equipment or facilities to any customer-provided pay telephone; (3) the Company's allowing any customer-provided pay telephone to be connected to any of the Company's equipment or facilities; and/or (4) the offering or provision by the Company of Public Access Line Service at the location of any customer-provided pay telephone.

SCHEDULE 52 (Continued)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 7. Unless the Subscriber requests otherwise, each Public Access Line furnished pursuant to this Schedule will not be arranged for International Call Blocking. Upon request by the Subscriber, any Public Access Line furnished pursuant to this Schedule will be arranged for International Call Blocking. For a description of International Call Blocking and the terms and conditions that apply thereto, see Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc. ("NECA"). In instances in which a Public Access Line is arranged for International Call Blocking at the Subscriber's request, the Subscriber shall indemnify and hold harmless the Company from and against any and all claims (including, but not limited to, reasonable attorneys' fees incurred in connection with any such claim) arising from the inability of any person to originate an international call from the Public Access Line.
- 8. In instances in which a Public Access Line is arranged for Selective Class of Call Screening, the Subscriber shall indemnify and hold harmless the Company from and against any and all claims (including, but not limited to, reasonable attorneys' fees incurred in connection with any such claim) arising from the inability of any person to originate from the Public Access Line any call that is blocked by such Selective Class of Call Screening.

SCHEDULE 52 (Continued)

(N)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 9. Where suitable Company-provided facilities are available and if operating conditions permit, Billed Number Screening and Originating Line Screening, as described in Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc., will be provided by the Company in accordance with its customary and usual practices. These features - Billed Number Screening and Originating Line Screening - provide information that permits identification of a Public Access Line as a line to which certain billing restrictions may apply. The Company shall have no financial or other responsibility for whether such information is recognized or not recognized or used or not used by the Subscriber or any third party, or for the use made of such information by the Subscriber or any third party.
- 10. Except as provided in WAC 480-120-141(d), the Subscriber shall be responsible for payment of all charges and taxes for local service, message toll service, operator assistance, long distance and directory assistance calls, calls to information service providers, other types of chargeable calls, and special tariff charges for calls originating from, or charged to, the Public Access Line to which the Subscriber subscribes.
- 11. A Directory Assistance charge will apply to each call to Directory Assistance that originates from a Public Access Line. Any "free allowance" permitting a certain number of free calls to Directory Assistance from an exchange service line shall be inapplicable to calls originating from Public Access Lines.
- 12. The rates and charges set forth in this Schedule are in addition to all other applicable rates and charges, including, but not limited to, those set forth elsewhere in this Tariff and those set forth in Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc.

SCHEDULE 52 (Continued)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 13. The Subscriber, and all facilities and equipment furnished by the Subscriber, its agents or subcontractors, shall at all times comply with all Federal, State and local laws, ordinances, rules, regulations and regulatory requirements applicable to the provision of public and semipublic telephone service and/or use of the service furnished by the Company pursuant to this Schedule.
- 14. The Subscriber is responsible for the installation, operation and maintenance of any customer-provided pay telephone used in connection with Public Access Line Service and for the installation, operation and maintenance of all inside wiring and other telecommunications facilities located between the Company-provided Network Interface Device and the customer-provided pay telephone.
- 15. The Subscriber is responsible for the provision of booths, shelves and other equipment ancillary to any customer-provided pay telephone connected to a Public Access Line.
- 16. The Subscriber shall be responsible for any and all loss of, or damage to, Public Access Line facilities furnished by the Company in each of the following instances:
  - (a) Where the loss or damage occurs on any portion or portions of the customer premises where such facilities are installed, regardless of whether such damage is caused by the Subscriber, the location provider or the public; and/or
  - (b) Where the loss or damage has been caused, in whole or in part, by any act(s) and/or omission(s) of the Subscriber and/or the location provider, except where neither any such act nor any such omission occurs, in whole or in part, on or in the immediate vicinity of the premises served by the Public Access Line.

SCHEDULE 52 (Continued)

(N)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 17. Minimum charges for Public Access Line Service shall apply when the entire service associated with any Public Access Line is discontinued within one calendar month of the service establishment date. The minimum charge will consist of one month's service and feature rates and the non-recurring charges.
- 18. Each customer-provided pay telephone must be registered under Part 68 of the rules and regulations of the Federal Communications Commission ("FCC"), or be connected behind a protective coupler registered under Part 68 of the FCC's rules and regulations. The rules, regulations, terms and conditions applicable to the connection of customer-provided equipment to the Company's lines and facilities, as specified elsewhere in this Tariff, apply to such connection of customer-provided pay telephones.
- 19. Each customer-provided pay telephone must be connected to the Company's network in compliance with the current National Electric Code and National Electric Safety Code.
- 20. All customer-provided pay telephones must provide coin-free access to dialtone (dial tone first) and allow coin-free access to operators and coin-free emergency 911 access in any exchange in which 911 service is available. Where 911 service is not available, detailed instructions for completing coin-free emergency calls must be posted prominently on or adjacent to each customer-provided pay telephone instrument.
- 21. All customer-provided pay telephones must provide free access to telecommunications relay service calls for the hearing disabled.
- 22. Emergency numbers (e.g., operator assistance and 911) must be clearly posted on each customer-provided pay telephone.

SCHEDULE 52 (Continued)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 23. The local coin rate must be stated within the informational placard on each customer-provided pay telephone.
- 24. Information consisting of the name, address, telephone number of the owner, or the name of the owner and a toll-free telephone number where a caller can obtain assistance in the event the pay telephone malfunctions in any way, and procedures for obtaining a refund from the Subscriber must be displayed on the front of each customer-provided pay telephone.
- 25. The following information shall be posted on or adjacent to each customer-provided pay telephone:
  - (a) The method by which the consumer may obtain without charge an accurate quotation of rates, fees and surcharges; and
  - (b) The notices required by WAC 480-120-141(4).

In no case shall the charges to the user exceed the quoted costs.
- 26. The telephone number of the Public Access Line must be displayed on each customer-provided pay telephone instrument.
- 27. The Subscriber shall ensure that each pay telephone connected to a Public Access Line is compatible for use with hearing aids and that its installation complies with all applicable federal, state, and local laws and regulations concerning the use of telephones by disabled persons.
- 28. Each customer-provided pay telephone, if coin operated, must return coins to the caller in the case of an incomplete call and must be capable of receiving nickels, dimes, and quarters.

SCHEDULE 52 (Continued)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 29. Except as authorized by law, each customer-provided pay telephone must provide access to all interexchange carriers where such access is available.
- 30. Except as authorized by law, customer-provided, coin-operated pay telephones must provide two-way service, and there shall be no charge imposed by the Subscriber for incoming calls. All customer-provided pay telephones confined to one-way service shall be clearly marked on the front of the instrument.
- 31. A maximum of one pay telephone instrument may be connected to any Public Access Line, and a Subscriber must order a separate Public Access Line for each pay telephone installed. Extensions to a customer-provided pay telephone are prohibited, unless such extension was connected in the same location on April 15, 1997.
- 32. The Subscriber shall inform the Company of the location of each customer-provided pay telephone.
- 33. Unless otherwise specified in this Schedule, Public Access Line Service will have the same Company-provided repair services available to it as the Company provides to single line business service, subject to the following:
  - (a) The Company shall not be obligated to test or provide other repair services for any Public Access Line with respect to any service difficulty or trouble unless and until the service difficulty or trouble has been reported to the Company by the Subscriber and the Subscriber has requested that testing or other repair services be furnished with respect to that service difficulty or trouble; and

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

33. (continued)

(b) In the event that the Subscriber requests or authorizes that testing and/or other repair services be provided by the Company with respect to any service difficulty or trouble involving a Public Access Line or customer-provided equipment or facilities connected thereto, and the Company reasonably determines that its facilities are not the cause of the service difficulty or trouble, the Subscriber shall reimburse the Company for all costs, including time and materials, incurred by the Company in responding to the request and/or in performing such testing and/or other repair services. Alternatively, in lieu of such reimbursement, the Company may elect to apply, and the Subscriber shall then pay to the Company, the Company's maintenance of service charge(s) specified elsewhere in this Tariff (see Schedule No. 21).

34. The particular functions available as part of Central Office Coin Supervision are dependent upon the installed capabilities of the Company's serving central office and operating conditions, and such functions will be provided in accordance with the Company's normal operating procedures. The Company shall have no responsibility for the actual collection or return of coins deposited into a customer-owned pay telephone. In the event of a failure or malfunction of the Central Office Coin Supervision feature or any function thereof, the Company's liability shall be limited to refunding to the Subscriber the amount paid by the Subscriber to the Company for the Central Office Coin Supervision feature for the period of time during which the Central Office Coin Supervision feature was impaired.

SCHEDULE 52 (Continued)

(N)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

- 35. The Subscriber shall have sole responsibility for ensuring that each customer-provided pay telephone connected to any Public Access Line furnished by the Company is compatible with the Company's Public Access Line Service and any ordered Additional Features.
- 36. If the Company maintains one or more specific series of telephone numbers for assignment to Public Access Lines, a telephone number within one of those series, if available, will be assigned to the Public Access Line. All telephone numbers assigned by the Company remain the property of the Company and may not be leased or transferred by the Subscriber to any other person or entity.
- 37. It shall be the responsibility of the Subscriber to designate the Interexchange Carrier to which a Public Access Line is to be presubscribed for purposes of completing interLATA calls. If and when intraLATA interexchange presubscription becomes available from the Company, it shall also be the responsibility of the Subscriber to designate the Interexchange Carrier to which a Public Access Line is to be presubscribed for purposes of completing intraLATA interexchange calls. Applicable charges specified elsewhere in this Tariff and in Tariff F.C.C. No. 5 of the National Exchange Carrier Association, Inc. shall apply to changes of presubscribed Interexchange Carrier, unless initiated by the Company.
- 38. The monthly rates for Public Access Lines set forth in this Schedule are for local exchange service only. Optional Extended Area Service, if offered by this Tariff, is not available in conjunction with Public Access Line Service.
- 39. Public Access Line Service does not include functionalities provided by an operator services provider, such as coin rating, coin refund, repair referral and operator call screening. These functionalities are the responsibility of the Subscriber and the Company shall have no liability with respect thereto.

or omission constituting gross negligence or wanton or willful misconduct. The Company's liability to any person, corporation or other entity, including, but not limited to, the Subscriber, for any loss or damage shall not exceed an amount equal to the prorated portion of the Company's applicable rates for Public Access Line Service provided by the Company to the Subscriber for the time any interruption to service or facilities continues after a request by the Subscriber to the Company that the Company provide testing or other repair services with respect to such interruption to service or facilities. In no event shall the Company or any of its directors, officers, employees or agents be liable for any indirect, incidental or consequential damages, including, but not limited to, lost profits.

Neither the Company nor any of its directors, officers, employees or agents shall be liable for any damage, direct or indirect, suffered by the Subscriber or any other person or entity when such damage is attributable in any way to equipment attached by the Subscriber or other person or entity to Company facilities or for failure or interruption of any facilities or service provided by any person or entity other than the Company.

The rates for Public Access Line Service, and the components thereof, that are provided under this Tariff have been established expressly in reliance upon this limitation of liability.

SCHEDULE 52 (Continued)

PUBLIC ACCESS LINE SERVICE (Continued)

CONDITIONS (continued):

41. (continued)

Public Access Line Service, and the components thereof, is intended solely for the benefit of the Subscriber, and the provision of such service by the Company shall not be interpreted, construed or regarded, either expressly or impliedly, as being for the benefit of or creating any Company obligation toward any person or entity other than the Subscriber.

42. The Subscriber shall not, directly or indirectly, state, represent or imply that it is in business with, or has any business relationship with, the Company, except strictly as a purchaser of services offered under this Schedule.

43. Public Access Line Service is not represented as adapted for data service. Public Access Line Service contemplates the provision of satisfactory voice transmission only.

44. The Company is not liable for shortages of coins deposited in and/or collected from any pay telephone used in connection with any Public Access Line.

45. The Company is not liable for end-user fraud associated with failure of any customer-provided pay telephone to perform correctly.
